

# Student Autobiography: 7 Writing Steps

## 1 Determine your goal

What are you writing your autobiography for? Is it for academic, professional, or personal purposes? Are there any requirements?

## 2 Make an outline

Start by creating your life's timeline and choose which facts to include. Then structure your thoughts in a logical order by making an outline.

## 3 Start writing the text

Think of a catchy hook to start with or a creative thesis statement that would express the main idea of your autobiography.

## 4 Write the main part

Expand on the topics you have touched upon in the outline. Be honest and write whatever you find interesting. Any small victory will do.

## 5 Write the conclusion

Paraphrase the ideas you have stated in the introduction and summarize the points you have made in the body. Formulate the central idea of the text.

## 6 Think of the title

The title should attract attention and match the content. That is why we recommend that you choose a title after you've done with the writing.

## 7 Proofread & relax

Give yourself a day or at least a couple of hours break. Then read through your autobiography again, check it for errors, and make changes if needed.
