General formatting of front page and paper

- **Margins:** To be set at 2.5 cm all round.
- **Font:** Times New Roman 12 (mandatory for University-based exams), or Arial 11.
- **Line Spacing:** Single.

Content for front page

The format of the front sheet of exam papers will differ according to whether it is a [‘University-based’](#) or [‘School-based’](#) exam.

- Please see overleaf for an **example template** for the front page of an exam paper. Text highlighted in yellow will always need to be specified.
- A specific template front page is supplied by Senate House for University-based papers – this may look different to the example overleaf.

Rubric for front page

The rubric on the front page should give clear statements and instructions about:

- The number of questions on the paper, and the number of questions to be answered.
- Whether formulae sheets etc. are attached to the question paper.
- What materials are provided with the question paper (e.g. the number of answer books, graph paper, etc).
- The use of calculators (please use the standard text shown overleaf, after the instructions).

The rubric is used by staff who are setting up the examination room to determine what should be provided on each exam desk and it is important that it is clear and accurate. Please note:

- ‘attached’ should mean stapled to the exam question paper.
- ‘provided’ should mean placed separately on the candidates’ desks.

‘Instructions to Candidates’ will need to be amended according to specifics of each examination.

- Each distinct instruction should be clearly numbered.
- Leading words, including the number of questions to be answered, should be in capitals and UNDERLINED or typed **BOLD** for emphasis. For example:

1. Answer **ONE** question from **EACH** section
 2. Each answer carries the same number of marks
 3. Write your answers in the answer books provided **NOT** on the question paper.
