Modern Essays A. Gupta, 2009 **Standard Essays** S. K. Tarafder, 2008 *Jensen's Format Writing* Frode Jensen, 2016-10-04 Jensen's Format Writing is concerned with developing expository writing skills for high school students. This type of writing exposes, puts forth, explains, reveals, or exhibits in detail about something. It has a purpose to inform, clarify, and perhaps even to persuade. Such writing may simply describe, or it may give a series of reasons. In any case, there is a fundamental point that is made. How that point is made may often determine whether the piece is accepted or rejected. Students completing this course will learn valuable skills: the secret of cutting your work in half when it comes to writing a paper; how to order your presentation for its most powerful effect on the reader; a technique for getting the essence of what you read down on paper for future reference; how to stack up your ideas so that they flow together in a natural fashion; how to move ideas from sentence to sentence by following a simple rule; all about what and how to document your sources when doing research and writing.
