Gay Voting Guide Los Angeles:

Gay Politics, Urban Politics Robert C. Bailey, 1999-01-05 Drawing from surveys of political attitudes and voting patterns among gays lesbians and bisexuals Bailey s study is a revealing window into how sexual identity has fostered political alliances The book investigates mayoral voting patterns in America s three largest cities New York Los Angeles and Chicago *The Advocate*, 2001-04-10 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States Legacies of Struggle Angie Y. Chung, 2007 Since the 1992 Los Angeles riots Koreatown has become increasingly fractured by intergenerational conflict class polarization and suburban flight In the face of these struggles community organizations can provide centralized resources and infrastructure to foster an ethnic consciousness and political solidarity among Korean Americans This book analyzes the role of ethnic community based organizations and the dynamics of contemporary Korean American politics Drawing on two case studies the author identifies diverse ways in which community based organizations negotiate their political agendas and mainstream ties within the traditional ethnic power structures One organization promotes middle class ethnic goals through accommodation to immigrant leaders while the other emphasizes social justice through alliances with outside interest groups Both cases challenge the traditional assumption that assimilation undermines ethnicity as a meaningful framework for political identity and solidarity in immigrant groups Legacies of Struggle reveals how community based organizations create innovative spaces for political participation among new generations of Korean Americans The Real Guide Deborah Bosley, 1989 **All in the Family** Robert O. Self, 2012-09-18 A brilliant history of American beliefs about the family and how those ideas have affected our politics since the 1960s Washington Monthly In the 1960s Lyndon Johnson s Great Society and War on Poverty promised an array of federal programs to assist working class families In the 1980s Ronald Reagan declared the GOP the party of family values and promised to keep government out of Americans lives Again and again historians have sought to explain the nation s profound political realignment from the 1960s to the 2000s five decades that witnessed the fracturing of liberalism and the rise of the conservative right The award winning historian Robert O Self is the first to argue that the separate threads of that realignment from civil rights to women s rights from the antiwar movement to Nixon s silent majority from the abortion wars to gay marriage from the welfare state to neoliberal economic policies all ran through the politicized American family Based on an astonishing range of sources All in the Family rethinks an entire era from the Great Society s default assumption of a white heterosexual man at the head of each household to the quests for equal rights and opportunities for a broader range of citizens and a more inclusive idea of the American family He discusses the Roe v Wade decision and antidiscrimination protections in the workplace and the furious conservative backlash that began in the 1970s as figures such as George Wallace Phyllis Schlafly Anita Bryant and Jerry Falwell built a political movement based on the perceived moral threat to the traditional family Self writes that family values

conservatives in fact paved the way for fiscal conservatives and that Reagan's presidency united the two constituencies which remained for decades the base of the Republican Party This is a powerful well researched account of how the efforts of marginalized groups to assert their rights as citizens ran up against the resistance of entrenched privilege setting the stage for the polarization that grips US politics today Self reminds us that our democracy is an imperfect thing only as noble as the people who constitute it The Boston Globe

Straighten Up, Girls and Boys Jackie M. Blount, 2026-04-21 This illuminating read bridges education history with contemporary efforts to create inclusive equitable schools In *Straighten Up Girls and Boys* acclaimed historian and educator Jackie M Blount exposes the hidden history of how American schools have carefully shaped and policed gender and sexuality affecting every student and educator past and present With clarity and compassion she invites readers not only to understand these forces but to take action for positive change in their own school communities Drawing on centuries of school design hiring practices and classroom curriculum Blount uncovers how seemingly neutral decisions from the layout of restrooms to textbooks and teacher roles have been used to enforce binary gender norms and rigid expectations around sexuality She explores the implications for both students and educators highlighting moments of resistance and progress but also the persistence of exclusion and harm Through vivid historical storytelling and fresh analysis Blount connects the dots between age old anxieties and today's most pressing debates around LGBTQ issues in schools This book empowers educators with the knowledge and historical context needed to question entrenched practices and build more supportive school cultures Encouraging both critical reflection and practical action Blount's work is a vital resource for anyone committed to fostering respect and opportunity for every member of the school community

Land of 10,000 Loves Stewart Van Cleve, 2012-09-21 For too long LGBTQ communities including Minnesota's have been maligned misrepresented and often outright ignored Myths regarding the queer experience have grown and become embedded in local and national consciousness The absence of queer stories over time in local historical and popular writing only served to further this ignorance but great strides have been made in recent decades to celebrate Minnesota's vibrant queer history Add to this rising chorus an enchanting new voice *Land of 10 000 Loves* Stewart Van Cleve's wide ranging and unprecedented illustrated history of queer life in Minnesota Drawing from the renowned Tretter Collection at the University of Minnesota a vast collection of books photographs films and other historical artifacts that Van Cleve calls one of the most comprehensive accounts of international queer history in the world *Land of 10 000 Loves* blends oral history archival narrative newspaper accounts and fascinating illustrations to paint a remarkable picture of Minnesota's queer history More than 120 concise historical essays lead readers from the earliest evidences of queer life in Minnesota before the Second World War for example Oscar Wilde's visit to Minnesota and rumors at the Alexander Ramsey house to riverfront vice districts protest and parade sites bars 1970s collectives institutions public spaces and private homes More than 130 illustrations illuminate these histories with images of pride guides archival photographs and advertisements from local queer

bars among other extraordinary pieces of ephemera and artifacts Many of the stories and images are well known while others have been all but forgotten until now Building on foundational works of regional queer history such as *The Evening Crowd* at Kirmser's and *Queer Twin Cities* the historical vignettes of *Land of 10 000 Loves* show us that Minnesota from its biggest cities to its smallest towns has been as Van Cleve notes queer to a certain extent since the very beginning *Land of 10 000 Loves* honors this rich and diverse legacy and is a compelling testament to the sacrifices scandals and victories that have affected and continue to affect the lives of queer Minnesotans *An Index to the Advocate* ,1987 *The Advocate* ,1995-07-25 *The Advocate* is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Gay and Lesbian Americans and Political Participation* Raymond A.
