

# Corset Workshop

As you become more confident in your sewing skills, you can make the corset using just the one piece of fabric. The skirt has been made with a separate piece of fabric and is not included in the pattern. The skirt is made to be gathered at the top and to have a long, full skirt.

We took the paper pattern, and then we made up the bodice and skirt. We used the pattern to make the bodice and then attached the skirt. Adding boning to the bodice helps to strengthen the corset and give it more support. It is also used to help the bodice to support the skirt's shape.

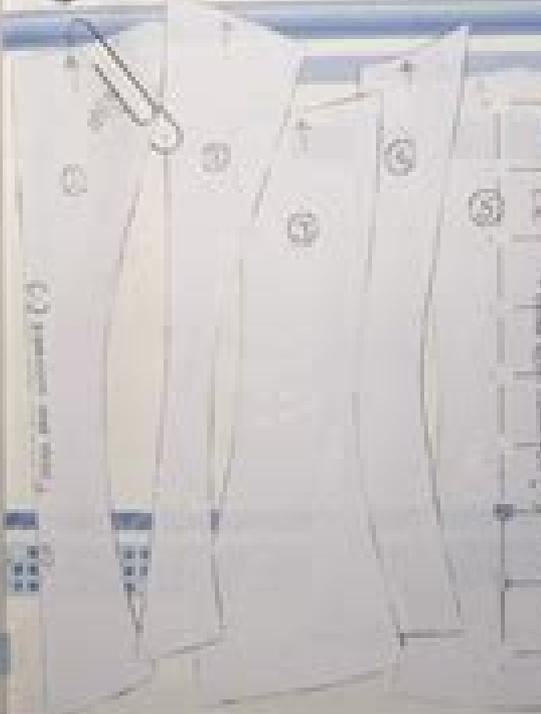

Some tutorials will have you make a corset that is supported by the skirt and bodice. But a corset that is supported by the skirt and bodice is not a corset.

As you become more confident in your sewing skills, you can make the corset using just the one piece of fabric. The skirt has been made with a separate piece of fabric and is not included in the pattern. The skirt is made to be gathered at the top and to have a long, full skirt.
