The Earthy Nature of the Bible R. Boer, 2012-11-15 Through a series of close readings Boer explores the earthy nature of the Bible These readings are gathered into three parts the Song of Songs Masculinities Paraphilias Each study is undertaken with rigorous attention to relevant scholarship and significant theoretical engagement especially with psychoanalysis ecocriticism and Marxism *Sexual Diversity in Asia, C. 600-1950* Raquel A. G. Reyes, W. G. Clarence-Smith, 2012 Non reproductive sex practices in Asia have historically been a source of fascination prurient or otherwise for Westerners who being either Catholic or Protestant were often struck by what they perceived as the widespread promiscuity and licentiousness of native inhabitants Graphic descriptions and pious denunciations of sodomy bestiality transvestitism and incest abound in Western travel narratives missionary accounts and ethnographies But what constituted indigenous sexual morality and how was this influenced by Hinduism Buddhism Confucianism Islam and Christianity over time and place What sex practices were tolerated or even encouraged by society community and religious ritual and what acts were considered undesirable transgressive and worthy of punishment *Sexual Diversity in Asia c 600 1950* is the first book to foreground same sex acts and pleasure seeking in the histories of India China Japan the Philippines Thailand and Indonesia Drawing on a range of indigenous and foreign sources the contributors all renowned experts in their fields shed light on indigenous notions of gender and the body social hierarchies fundamental ideas concerning morality and immorality and episodes of seduction The book illuminates in striking case studies attitudes toward non procreative sex acts and representations and experiences of same sex pleasure seeking in the histories of Asia This path breaking book is an important contribution to the study of gender and sexuality in Asian cultures and will also interest students and scholars of world history **The Sacred Economy of Ancient Israel** Roland Boer, 2015-04-20 *The Sacred Economy of Ancient Israel* offers a new reconstruction of the economic context of the Bible and of ancient Israel It argues that the key to ancient economies is with those who worked on the land rather than in intermittent and relatively weak kingdoms and empires Drawing on sophisticated economic theory especially the Regulation School and textual and archaeological resources Roland Boer makes it clear that economic crisis was the norm and that economics is always socially determined He examines three economic layers the building blocks five institutional forms periods of relative stability three regimes and the overarching mode of production Ultimately the most resilient of all the regimes was subsistence survival for which the regular collapse of kingdoms and empires was a blessing rather than a curse Students will come away with a clear understanding of the dynamics of the economy of ancient Israel Boer's volume should become a new benchmark for future studies **Lingua Franca**, 1994 **Brinkman's catalogus van boeken en tijdschriften**, 2001 With 1901 1910 1956 1960 Repertorium is bound Brinkman's Titel catalogus van de gedurende 1901 1910 1956 1960 Title varies slightly *Ons erfdeel* Stichting Ons Erfdeel (Rekkem), 2003 Algemeen Nederlands driemaandelijks cultureel tijdschrift uitgegeven door de Stichting Ons Erfdeel v z w **Brinkman's**

Boekblad ,1997-10 **Dearest Pet** Midas Dekkers,2000-11-17 People love animals a stroke here a pat there a quick nuzzle in that gorgeous fur the amount of cuddling they get can make you jealous In Holland dogs are caressed more than people Not as thoroughly though that one spot somewhere down below generally remains untouched Generally but certainly not always Kinsey s research showed that 8 per cent of men and 3 5 per cent of women had had sex with an animal and that in rural areas the figure for men was closer to 50 per cent Yet bestiality is almost universally condemned While our love for animals is extolled as noble and natural all erotic elements in the relationship between humans and other species are vilified and proscribed thus consigning them to the realm of exotic pornography or crude innuendo Even so something remains of physical love for animals In different forms sublimated or occasionally celebrated its traces can be found throughout art and popular culture in Leda and the Swan Beauty and the Beast or the Lorelei in a lubricious menagerie of satyrs and centaurs wolfmen and vampires all the way through to King Kong and Fritz the Cat pony clubs and amorous dolphins or even advertisements for luxury catfoods Dearest Pet uncovers and explores those traces illuminating the ambivalence of human attitudes to cross species sexuality Its author the biologist and broadcaster Midas Dekkers has analysed bestiality in all its aspects physical psychological and legal and examined its representations in religion and mythology art and literature pornography and advertising Beautifully and sometimes bizarrely illustrated his book is neither drily academic nor prudently trivial but erudite witty and challenging the first history of the last taboo A book for animal lovers and for those who are just their good friends

Krisis ,2000 *Sex in Antiquity* Mark Masterson,Nancy Sorkin Rabinowitz,James Robson,2018-02-05 Looking at sex and sexuality from a variety of historical sociological and theoretical perspectives as represented in a variety of media Sex in Antiquity represents a vibrant picture of the discipline of ancient gender and sexuality studies showcasing the work of leading international scholars as well as that of emerging talents and new voices Sexuality and gender in the ancient world is an area of research that has grown quickly with often sudden shifts in focus and theoretical standpoints This

volume contextualises these shifts while putting in place new ideas and avenues of exploration that further develop this lively field or set of disciplines This broad study also includes studies of gender and sexuality in the Ancient Near East which not only provide rich consideration of those areas but also provide a comparative perspective not often found in such collections Sex in Antiquity is a major contribution to the field of ancient gender and sexuality studies Lektuurgids , **Humanity & Society** ,1998
