## **Life Orientation Grade 11 November 2014 Memo:**

*The Closing of the Liberal Mind* Kim R. Holmes, 2017-12-12 A former U S Assistant Secretary of State and currently Acting Senior Vice President for Research at The Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today s liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties

**Chicago's Block Clubs** Amanda I. Seligman, 2016-09-06 Whether focused on flower gardens street crime or aesthetic conformity urban block clubs are unusual quasi institutions that can establish or maintain a neighborhood s appearance social dynamics and quality of life But what is a block club And how does it function Is it a definable institution with codifiable practices and expectations or is it merely an assemblage of like minded citizens who happen to live near one another What makes one such group effective and long lasting while most evaporate after a few years of communal activity These are some of the questions that Amanda Seligman addresses in her deeply researched study

Outclassed Joan C.
