

1's math notebook

All notebook pages must follow some rules to make them interesting as well as informative. Your notebook should reflect your experiences yet be easy to understand and reference.

RULES

REASON

Write neatly and legibly	So you are able to read/reference your notebook when needed!
Bring it class everyday	We will use it everyday - like how we use notes, do our work, etc. in class!
Circle or underline numbers if number in pages	To help you find a word or number quickly if you need it when you need!
Color page numbers for each week and use color	If you forget what a word means, you'll be able to find the definition quickly!
Every thing your teacher writes in her notebook, you should write in your notebook	I would not want to hear anything about this! Use me! Write in your notebook!
Use colors when you write the color words in your notebook	Colors are a great way to organize our notes in class, like colors and lines!
If you are a day writer write what you get in the notes	You don't want to go to school and not have the notes page to help you. When you're absent, ask your teacher or a friend to borrow a notebook to copy!
