Französische Könige und Kaiser der Neuzeit Peter Claus Hartmann, 2006 Die französischen Könige und Kaiser der Neuzeit haben die Entwicklung in Frankreich und Europa entscheidend geprägt Der Band präsentiert die einzelnen Herrscherpersönlichkeiten als Menschen aus Fleisch und Blut mit Stärken und Schwächen Tugenden und Fehlern Gleichzeitig führt dieser Band aber auch in den politischen Rahmen und Kontext ihrer Aktionen in Innen- und Außenpolitik ein und bietet eine Geschichte Frankreichs angefangen bei Ludwig XII 1498 bis 1870 als mit Napoleon III der letzte französische Herrscher abgesetzt wurde Quelle Homepage des Verlags **Archiv Für Reformationsgeschichte**, 1954 *Early Modern Genres of History* Emil Nicklas Johnsen, Ina Louise Stovner, 2024-05-02 Bringing together an international group of literary scholars intellectual historians and cultural historians this book discusses history in its various forms either as texts or images in the

early modern period 1500 1800 Early Modern Genres of History explores different genres and representational modes regarded as history before history became a scientific discipline during the nineteenth century It does not seek to show how the modern discipline of history as an academic study developed but rather to examine the ways in which historical texts and images became part of a wider field of early modern knowledge formations This volume demonstrates how history was connected to the developments in the public sphere how antiquarian historians used genres in their work how history evolved and functioned in the visual field and how historical genres travelled across different contexts Overall Early Modern Genres of History reveals how the diversity of historical representations in the early modern period has contributed to the broader foundations of history as it is understood in the twenty first century This volume is of great use to upper level undergraduates postgraduates and scholars interested in early modern Europe and the history of knowledge across both the history and literature disciplines The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons CC BY 4.0 license

John Calvin Quirinus Breen, 1968 The reappearance of Dr Breen's pioneering study of young Calvin's humanism makes available to a new generation of teachers and students what is still the best introduction to the humanist theologian's formative years The book was hailed at the outset by grateful readers as an informed and illuminating description of the elements that combined to shape and equip the mind of the reformer to be Any student of recent Calvin literature will have come frequently upon references to Breen's material and opinions Although the newer scholars have made us increasingly aware of Calvin's importance as a historical figure they continue to have recourse to this dissertation for guidance at significant points
