Baker, 2017-11-29 There is a surge of fake news overtaking media outlets in the twenty first century This stands in stark contrast to the unbiased objective truth Integrity and truth seem to have become secondary to the desire to sensationalize and sway opinions How do we respond to this overwhelming saturation of lies and false teachings As Christians we are uniquely positioned to know and represent truth as revealed by the one true God First we must look to the source of truth

God and his word Second we must be able to discern and recognize both truth and lies in what we are being told and in our culture Third we must become agents of truth individuals who live speak and promote truth Join us for a daily devotional as we explore scriptures that will guide us in our search for truth

The Essayist: Reflections from a Real Estate Survivor
D. Sidney Potter, 2017-01-16 The pathos of the 2008 Great Recession had a fairly wide sweep from minimum wage busboys to newspaper heiresses like Veronica Hearst to Federal Reserve chair Ben Bernanke whose childhood home was lost as a result of a relative not making timely mortgage payments wherein all mentioned experienced some type of economic pain or at least embarrassment related to the Great Recession These episodes are captured in this book as a way to bring a slight degree of levity to this economic catastrophe but to also underscore a serious juncture in American social and political theory as well Author D Sidney Potter once a prolific real estate investor in the early to late part of the real estate boom that led to the bust puts a spotlight on the real estate finance mortgage industry as once a lucrative insider to now as a disenfranchised member and erstwhile benefactor The irony of having to make his living as a mortgage operations professional who now examines the very mortgage financings that once bore his name does not go past him His unabrasive and sometimes crude essays examine the usual suspects from banker CEOs nascent political movements and professional legislators to the analytics of mortgage products that resulted in the self inflicted implosion Mr Potters collection of essays acts as a self entombed time capsule that should be taken as a testimony of fact not fiction

Pseudology Marcel Danesi, 2024-09-11 In an age where fake news conspiracy theories and outright lies by political and cultural leaders are commonplace we may be becoming accustomed to lying or worse even immune to it Pseudology unravels the reasons for this by describing a science of lying that looks at various aspects of this trait from how it affects the brain to how it distorts perception Interest in lying goes back to antiquity and writing and debate has only increased in the present day but what is missing is a treatment that synthesizes the work from linguists political scientists anthropologists psychologists neuroscientists and sociologists tying them to the philosophical and literary views of lying throughout history Such a treatment can be called pseudology an interdisciplinary science for classifying collating and

assessing ideas about lying This book is a comprehensive treatment of pseudology emphasising the importance of studying lying in our current climate Pseudology addresses questions such as What is a lie Why do we lie Why are we so susceptible to lying How does lying activate false beliefs and generate hatred of others How has lying shaped the course of history at least to some extent How has lying been adopted as a basic thematic element in literature and the arts Synthesising research from a broad range of disciplines and from the perspective of a leading cognitive linguist this text weaves ideas and theories about lying cohesively into an overall interdisciplinary science This landmark book is vital for students and scholars of language as well as anyone interested in politics sociology or psychology
