Life and death of Cholmondeley

Shortly before we left our ~~hut~~ ^{alteration} hut at ~~Bakabe~~ and travelled down to our last camp at ~~Kumba~~, we had with us a most unusual guest in the shape of Cholmondeley, known to his friends as Chumley.

short sentence provide details directly
Chumley was a full-grown chimpanzee. His owner, a District Officer, was finding the ape's large size rather awkward and wanted to send him to London Zoo as a present, so that he could visit the animal when he was back in England on leave. **He wrote asking us if we would mind taking Chumley back with us when we left and depositing him at his new home in London,** and we replied that we would not mind at all. I don't think that either John or myself had the least idea **how big Chumley was.** I know that I visualized an ape about three years old, standing about three feet high. I got a rude shock when Chumley moved in.

He arrived in the **back of a small van** ^{seated} in a huge crate. When the doors of his crate were opened and Chumley **stepped out** with all the **ease and self-confidence of a film star.** I was considerably shaken. Standing on his bowlegs in a normal slouching chimp position, he came up to my waist. *metaphor*

He stood on the ground and **surveyed** his surroundings with a **shrewd glance,** and then he turned to me and held out one of his soft, pink-palmed hands to be shaken, with exactly that bored expression that one sees on the faces of professional hand shakers. He seated himself in a chair, dropped his chain on the floor, and then looked hopefully at me. It was quite obvious that he expected some sort of refreshment after his tiring journey. I roared out to the kitchen for someone to make a cup of tea, for I had been warned that Chumley had a great liking for the cup that cheers.

As I poured the tea and milk into Chumley's mug and added three tablespoons of sugar, he watched me with a glittering eye and made soft "ooing" noises to himself. I handed him the mug and he took it carefully in both hands. He tested the tea carefully with one lip stuck out, to see if it was too hot. As it was, he sat there and blew on it until it was the right temperature and then he drank it down.

Chumley's crate was placed about fifty yards from the hut (next to a great gnarled tree stump to which I attached his chain) from there he could get a good view of everything that went on in and around the hut, and as we were working he would shout comments to me and I would reply.

That night, when I carried Chumley's food and drink of tea out to him, he greeted me with loud "hoo hoos" of delight, and jogged up and down, beating his knuckles on the ground. Before he touched his dinner, however, he seized one of my hands in his and carried it to his mouth.

With some trepidation I waited as he carefully put one of my fingers between his great teeth and very gently bit it. Then I understood. In the chimpanzee world, to place your finger between another ape's teeth is a greeting and a sign of trust. To place a finger in such a vulnerable position shows your confidence in the other's friendliness.

His manners were perfect. He would never grab his food and start guzzling, as the other monkeys did, without first giving you a greeting, and thanking you with a series of his most expressive "hoo hoos." Then he would eat delicately and slowly, pushing those pieces he did not want to the side of his plate with his fingers. His only breach of table manners came at the end of a meal, for then he would seize his empty mug and plate and hurl them as far as possible.

Not long after Chumley's arrival he suddenly went off his food, lost all his interest in life, and would spend all day crouched in his crate. He would refuse all drink except about half a mugful of water a day. I was away at the time, and frantic message from John brought me hurrying back. On my return I tried everything I knew to tempt Chumley to eat for he was growing visibly thinner.

One evening before I went to take Chumley for his walk I opened a tin of Ryvita biscuits and concealed a dozen or so in my pockets. When we had walked some distance, Chumley sat down and I sat beside him. As we both examined the view I took a biscuit from my pocket and started to eat it. He watched me. I think he was rather
