Journal Systematic Reviews:

Publishing Journal Articles Zheng Yan, 2020-11-05 Journal publication and grant writing are two core professional skills for new scholars today. However, systematic training is not typically offered in graduate programs worldwide. This book equips readers with the current scientific knowledge by providing a concise introduction to the science of journal article publication. The overall structure generally matches the curriculum of a graduate course and each chapter features a learning sequence based on Daniel Kahneman's intuitive judgement theory. The volume analyzes the intuitive thoughts of new authors from a variety of countries, uses over fifty real life cases and focuses on core concepts from nearly 100 research articles. It provides scientific advice for new authors, junior researchers and graduate students to publish their scholarly work and advance their academic careers.

Comprehensive Systematic Review for Advanced Practice Nursing, Third Edition Cheryl Holly, Susan Salmond, Maria Saimbert, Maria Hadley Saimbert, 2021-06-12 A two time AJN Book of the Year Award winner and a 2013 Doody Core Title. This distinguished text provides top tier guidance for advanced practice nurses on how to perform a comprehensive systematic review of available research to inform scholarly work particularly in DNP and PhD programs. With a strategic focus on the search process and assessing the quality of the evidence, this text presents clearly and comprehensively all of the knowledge and skills necessary to conduct a foundational CSR in eight concrete steps. This text examines how to write a CSR proposal, final report and a policy brief based on systematic review findings. Two finished proposals and two completed systematic reviews demonstrate each step of the process from start to finish. Additionally, the text covers software used in research queries and provides helpful strategies for effectively using the search function when seeking information. The Third Edition offers four new chapters with incisive recommendations for performing a CSR and addressing new ways CSR is being implemented in today's healthcare environment. It describes the latest methodological advances including living systematic reviews and dominance scores for economic review. Two complete CSRs along with new and updated examples throughout the book further aid readers in their pursuit of excellence in scholarly work. New to the Third Edition: New Chapters: How to choose the right critical appraisal tool, Writing the final report and disseminating the results of systematic reviews, Disseminating results with how to write a policy brief and or press release on CSR results, Example of a meta analysis using GRADE. Offers increased focus on dissemination. Includes new and updated examples reflecting latest trends in nursing scholarly work. Key Features: Provides the knowledge and skills necessary to conduct a CSR from start to finish. Teaches readers how to conduct high quality systematic reviews. Instructs readers on pertinent resources and methods for optimal library related systematic review research efforts. Describes how to best search research databases to facilitate scholarly work. Includes objectives, summary points, end of chapter exercises, discussion questions, suggested reading and references to enhance understanding.
