*Messianic Jewish Art Calendar 2014-2015* Tim Sigler, 2014-09-01      **Scandalous Error** C. Philipp E. Nothaft, 2018-02-16  
The Gregorian calendar reform of 1582 which provided the basis for the civil and Western ecclesiastical calendars still in use today has often been seen as a triumph of early modern scientific culture or an expression of papal ambition in the wake of the Counter Reformation. Much less attention has been paid to reform's intellectual roots in the European Middle Ages when the reckoning of time by means of calendrical cycles was a topic of central importance to learned culture as impressively documented by the survival of relevant texts and tables in thousands of manuscripts copied before 1500. For centuries prior to the Gregorian reform, astronomers, mathematicians, theologians, and even Church councils had been debating the necessity of improving or emending the existing ecclesiastical calendar which throughout the Middle Ages kept losing touch with the astronomical phenomena at an alarming pace. *Scandalous Error* is the first comprehensive study of the medieval literature devoted to the calendar problem and its cultural and scientific contexts. It examines how the importance of ordering liturgical time by means of a calendar that comprised both solar and lunar components posed a technical astronomical problem to medieval society and details the often sophisticated ways in which computists and churchmen reacted to this challenge. By drawing attention to the numerous connecting paths that existed between calendars and mathematical astronomy between the Fall of Rome and the end of the fifteenth century, the volume offers substantial new insights on the place of exact science in medieval culture.      Peace Like a River, 2014-06-10 16 Month Calendar      Nostradamus, Branham and the Little Book Patricia Ann Sunday, 2012-11 For 457 years the Prophet Nostradamus has been a MYSTERY. Hidden in dark speech, he was misunderstood and rejected by the Protestant Christian Church, forbidden to be read by the Catholic Church, and totally discredited by psychics and worldly interpreters as being in the Occult. However, it was the occult interpreters that were instrumental in keeping his work alive and mysterious. Written from a Christian perspective, many questions about this mysterious man, Nostradamus, and why his work has endured so long are answered in this book. Reverend Sunday has discovered the secrets and the intentions of his life's work, and you will be amazed to find out WHO Nostradamus really was. If you are curious about Planet X, Wormwood, then you will find out how that ties into these hidden revelations. There always comes a time when hidden things are revealed to a Prophet. Daniel 2:22, Amos 3:7. The second Prophet, William Branham, was way ahead of his time in his understanding of supernatural phenomenon and his revelations on the Book of Genesis regarding the apple and its sexual connotations lost him favor with the approved church then and now. Prophets are rarely understood in their own age. These TWO PROPHETS were brought together to this unknown Sophe Scribe, chosen to disclose the hidden, amazing information and revelation for our day. To GOD be the GLORY. Prepare the way for the Lord.      **Messianic Jewish Art Calendar 2013-2014**, 2013-08-01      *The Bible and Beyond* Judith Marie Judy, 2021-02-12 This easy-to-read biblical reference highlights times before, during, and after God's revelations became written words.
