Ideational Grammatical Metaphors. Applications in Selected Registers Gabriele Grenkowski,2016-03-21 Seminar paper from the year 2015 in the subject English Language and Literature Studies Linguistics grade 2 3 RWTH Aachen University Institut f r Anglistik Amerikanistik und Romanistik course Hauptseminar Metaphor in cognitive and systemic functional frameworks language English abstract This term paper deals with the topic of grammatical metaphors with a special focus on grammatical metaphors of the ideational kind and their use in certain registers To define grammatical metaphor as well as explain and analyze their use I will take a closer look at the works of several researchers and linguists with M A K Halliday being the most important one of these Given it was Halliday who first coined the term grammatical metaphor and tried to give a detailed explanation of the concept his works will be the most vital to this paper and stand at its center Further it is impossible to take a detailed look on grammatical metaphor without having at least a basic understanding on Halliday s concept of Systemic Functional Linguistics SFL Therefore one chapter of this paper will take a closer look at SFL and basically explain this concept The questions this paper is supposed to answer are the following what are ideational grammatical metaphors in which registers are they used most frequently and what is the purpose or function of such metaphors in these registers   Metaphor in Culture Zoltán Kövecses,2005-02-07 To what extent and in what ways is metaphorical thought relevant to an understanding of culture and society More specifically can the cognitive linguistic view of metaphor simultaneously explain both universality and diversity in metaphorical thought Cognitive linguists have done important work on universal aspects of metaphor but they have paid much less attention to why metaphors vary both interculturally and intraculturally as extensively as they do In this book Zolt n K vecses proposes a new theory of metaphor variation First he identifies the major dimension of metaphor variation that is those social and cultural boundaries that signal discontinuities in human experience Second he describes which components or aspects of conceptual metaphor are involved in metaphor variation and how they are involved Third he isolates the main causes of metaphor variation Fourth Professor K vecses addresses the issue to the degree of cultural coherence in the interplay among conceptual metaphors embodiment and causes of metaphor variation   **Writing Assignments Across University Disciplines** Roger Graves,2017-12-07 Writing Assignments Across the University Curriculum as a whole asks and answers these questions What kinds of documents do students write in a wide range of university degree programs in Canada How do instructors structure those writing assignments That is who is the audience for the assignments Do students get formative feedback as they develop their documents Do the patterns we found in a small liberal arts college Graves Hyland and Samuels 2010 occur in other kinds of universities We took our cue from an article by Anson and Dannels 2009 who pointed us toward the idea that students experience a curriculum through their degree progress in an academic program Consequently we needed to map the writing assignments according to how different departments organized these degree programs Results that were

organized by curricular unit departments faculties or colleges or programs units were more significant than general statistics because students would progress through these courses to a degree Several chapters in the book describe how this kind of curricular mapping provided a spark for curricular reform in Engineering Education and an entire small university The last two chapters report on the instructors perspective on their assignments what they were intending to do and why they both resisted and engaged in curricular discussions   *MARKET METAPHORS FOR MEETING MATES, WORKING PAPERS #719* AARON C. The Case of Deutsche Bank** ,2020-10-08 Seminar paper from the year 2020 in the subject Communications Public Relations Advertising Marketing Social Media grade 2 3 RWTH Aachen University Institut f r Anglistik und Amerikanistik language English abstract The present paper deals with metaphors and metonyms in advertising With the focus on the following question Why is it common to use Metaphor and Metonymy in advertisements it should be explained step by step why these concepts became common in advertising media Living in the 20th century we are experiencing a huge development in technology compared to the past In the past it was only possible to distribute advertising through television radio and newspapers Nowadays new possibilities are coming up through the expansion of social media Since almost everybody owns a smartphone most of the people are always available This gives new opportunities to the advertising industry For this purpose the first step is to try to present the complex concept of metaphor in a concise way However this can only be done superficially in the scope of this term paper otherwise the scope of the work will be exceeded Furthermore a short explanation of target and source domain is given In the second chapter the topic of metonymy is then summarized Again it should be noted that an appropriate detailed description would exceed the limits of the work In the third part of the work the actual effect of metaphors and metonyms in advertisements will be illustrated Images from a Deutsche Bank advertising campaign are used for this purpose The first part of this chapter presents the company Deutsche Bank as such This is considered important because the values of the company could be reflected in their campaigns and that aspect therefore would be important for the following analysis This is followed by an analysis of the images used in terms of metaphor and metonymy In the analysis of the metaphors the focus is on target source domain In the last chapter of the paper the work is

briefly summarized The results are listed and answered regarding the question posed A short summary forms the end of the work **Handbook of Qualitative Research Techniques and Analysis in Entrepreneurship** Helle Neergaard,Claire M.
