How to Be Right Ray Geide,2015-01-12 A Bible study guide to the book of Romans with study notes and discussion questions written by the translator for the Breakthrough Version of the Bible Greek and Roman Oared Warships 399-30BC John Morrison,2016-10-31 This is an important study of the new types of warships which evolved in the navies of the Mediterranean in the 4th and 3rd centuries BC and of their use by Greeks Phoenicians and Romans in the fleets and naval battles in the second and first centuries culminating in the Battle of Aktion The book includes a catalogue and discussion of the iconography of the ships with over fifty illustrations from coins sculptures and other objects John Coates discusses reconstructions crews ships and tactics illuminated by the recent experiments with the reconstructed trireme Olympias Complete with gazetteer glossary bibliography and indexes **The Bible in History** David W. Kling,2022-12-19 Over 15 years after its original publication The Bible in History remains an essential examination of the symbiotic relationship between Scripture and the social and cultural contexts shaping its interpretation David W Kling traces the fascinating story of how specific biblical texts sometimes a single verse other times a selection of verses or chapters even books have at various times emerged to be the inspiration of movements that have changed the course of history Episodes range from Anthony s call to the desert and a life of monasticism after hearing Jesus s directive to the rich young ruler to give up his possessions to the Anabaptists non violent ethic in following Jesus teaching in the Sermon on the Mount to the varied applications of the exodus motif in African American history This revised and expanded second edition adds two new chapters The first examines the text in Matthew 28 18 20 and considers the multitudinous interpretations before during and after the text emerged as the iconic Great Commission of missionary motivation in the modern period The second assesses those biblical texts that encompass the divisive and ongoing issue of male homosexuality Both chapters engage the question of how the texts have shaped the times but as Kling argues the times have also exerted an enormous impact on shaping the interpretation of the texts and hence on the continuing disputes over the meaning of those texts *JPRS Report* ,1991
