Serving as a tutorial guidebook and reference all in one this text offers a clear explanation of CORBA and provides a complete reference to the standard More importantly it shows how to use the standard for distribution applications development with numerous extensive case studies and examples illustrating how to put CORBA to work      A Guide to the SQL Standard C. J. Date,Hugh

Darwen,1993 A guide for users and designers of database systems Outlines the inherent problems in the study design and implementation and examines the background issues of priorities administrative prerequisites design concepts database management systems protocols security communication processes and interactivity Gives advice on developing corporate

databases and management systems Non technical user oriented text No bibliography Date provides a comprehensive treatment of standard SQL with many worked examples while discussing some of the implications of the standard Annotation copyrighted by Book News Inc Portland OR      ,      **The Handbook of Artificial Intelligence** Avron Barr,Edward A.

Feigenbaum,2014-05-12 The Handbook of Artificial Intelligence Volume II focuses on the improvements in artificial intelligence AI and its increasing applications including programming languages intelligent CAI systems and the employment of AI in medicine science and education The book first elaborates on programming languages for AI research and

applications oriented AI research Discussions cover scientific applications teiresias applications in chemistry dependencies and assumptions AI programming language features and LISP The manuscript then examines applications oriented AI research in medicine and education including ICAI systems design intelligent CAI systems medical systems and other

applications of AI to education The manuscript explores automatic programming as well as the methods of program specification basic approaches and automatic programming systems The book is a valuable source of data for computer science experts and researchers interested in conducting further research in artificial intelligence      Developing Secure

Distributed Systems with CORBA Ulrich Lang,Rudolf Schreiner,2002 This book is a clearly written well structured hands on guide for the professional software developer and engineer who needs to build secure applications with CORBA It offers guidance securing CORBA applications integrating security infrastructure with COBRA applications evaluating the security effectiveness of distributed applications and MICOsec CORBA security implementation Professionals get a comprehensive

study of CORBA security architecture providing a better understanding of its goals and limitations It serves as a complete reference for understanding security in distributed systems The book generously illustrates the usage of the MICOsec CORBA security services implementation including important information on the installation and configuration of MICOsec

usage of two different kinds of application facing interfaces and the configuration of CORBA security not containing any security related modifications      **Computer Performance Evaluation** Ramon Puigjaner,Nunzio N. Savino,Bartomeu

Serra,2003-06-26 The need to evaluate computer and communication systems performance and dependability is continuously growing as a consequence of both the increasing complexity of systems and the user requirements in terms of timing behaviour The 10th International Conference on Modelling Techniques and Tools for Computer Performance Evaluation held in Palma in September 1998 was organised with the aim of creating a forum in which both theoreticians and practitioners could interchange recent techniques tools and experiences in these areas This meeting follows the predecessor conferences of this series 1984 Paris 1988 Palma 1994 Wien 1985 Sophia Antipolis 1991 Torino 1995 Heidelberg 1987 Paris 1992 Edinburgh 1997 Saint Malo The tradition of this conference series continued this year where many high quality papers were submitted The Programme Committee had a difficult task in selecting the best papers Many new papers could not be included in the program due to space constraints All accepted papers are included in this volume Also a set of submissions describing performance modelling tools was transformed into tool presentations and demonstrations A brief description of these tools is included in this volume The following table gives the overall statistics for the submissions

**Making the Most of the Lectionary** Thomas O'Loughlin,2012-08 A valuable resource for enhancing liturgical understanding What is the point of the Lectionary What are the problems and opportunities that it presents to those who use it What are its strengths and weaknesses as an aid to worship How can it be used and communicated most effectively today These are among the key questions Thomas O Loughlin addresses in this stimulating and much needed liturgical guide to the design history theology and purposes of the Lectionary

**Computing Science and Statistics** Kenneth Berk,Linda Malone,Terence M. Mulligan,1989 **InfoWorld** ,1987 [Tutorial, Computer System Requirements](#)

Kenneth J. Thurber,1980 This tutorial developed over a number of years during an engineering career wherein the author encountered systems design that appeared to contain no design whatsoever Regardless of design goals processes or requirements it appeared that in corporate America it was the job of marketing departments to designate the requirements satisfied by the end product This collection of articles presents a straw man strategy to help avoid ad hoc designs and to answer the questions and develop the ideas that lead to concrete a priori requirements for systems design
