**Strategic Financial Management Casebook** Rajesh Kumar, 2017-01-05 Strategic Financial Management Casebook strategically uses integrative case studies cases that do not emphasize specific subjects such as capital budgeting or value based management to provide a framework for understanding strategic financial management By featuring holistic presentations the book puts readers into the shoes of those responsible for the world s largest wealth creators It covers strategies of growth mergers and acquisitions financial performance analysis over the past decade wealth created in terms of stock returns since its listing in stock market investment and financial decisions cost of capital and corporate valuation In addition the casebook also discusses corporate restructuring activities undertaken by each company Each chapter follows a template to facilitate learning and each features an Excel based case analysis worksheet that includes a complete data set for financial analysis and valuation Introduces a conceptual framework for integrating strategy and finance for value creation Emphasizes the roles of corporate governance corporate social responsibility and risk management in value creation Encourages an analysis of investment financing and dividend decisions Examines non financial factors that contribute to value

*Taking Your iPad to the Max* Erica Sadun, Michael Grothaus, Steve Sande, 2010-12-31 It looks different It acts different There s no right way to hold it It responds to the touch of your fingertips It s the Internet in your lap It connects to the world yet it is as personal as a well worn book

Taking Your iPad to the Max is written so that anyone from a computer savvy teenager to a 92 year old great grandmother can quickly get up to speed on Apple's latest hit. As bloggers at The Unofficial Apple Weblog tuaw.com we have the happy privilege of working with Apple products every day. The iPad is so different from any computer you've ever used and we realize many people could use a helping hand to feel comfortable buying and using an iPad. We take you from selecting and buying an iPad to connecting it to the Internet and then demonstrate just how to use the incredible power of the iPad and all its apps to enhance your life. Whether you're using your iPad to surf the Internet, admire family photos, listen to music, watch movies or read a book, we're here to guide you. We show you how your iPad can be a virtual shopping mall opening the door to purchases of music, books, videos and movies. We help you organize your daily life through the use of Calendar, Notes and Contacts, communicate with friends and colleagues with Mail, and find your way with Maps. The iPad is more than the ultimate leisure device; it's also a work tool. Taking Your iPad to the Max guides you through the basics of Apple's iWork suite for iPad. Learn to create business or personal documents with Pages, make professional presentations with Keynote, and keep data and finances under control with Numbers.

**Signal Processing and Multimedia** Sankar Kumar Pal, William I. Grosky, Niki Pissinou, Timothy K. Shih, Dominik Ślęzak, 2010-11-25. Welcome to the proceedings of the 2010 International Conferences on Signal Processing, Image Processing and Pattern Recognition (SIP 2010) and Multimedia Computer Graphics and Broadcasting (MulGraB 2010), two of the partnering events of the Second International Mega Conference on Future Generation Information Technology (FGIT 2010). SIP and MulGraB bring together researchers from academia and industry, as well as practitioners, to share ideas, problems and solutions relating to the multifaceted aspects of image, signal and multimedia processing, including their links to computational sciences, mathematics and information technology. In total, 1,630 papers were submitted to FGIT 2010 from 30 countries, which includes 225 papers submitted to SIP/MulGraB 2010. The submitted papers went through a rigorous reviewing process: 395 of the 1,630 papers were accepted for FGIT 2010, while 53 papers were accepted for SIP/MulGraB 2010. Of the 53 papers, 8 were selected for the special FGIT 2010 volume published by Springer in the LNCS series; 37 papers are published in this volume and 8 papers were withdrawn due to technical reasons. We would like to acknowledge the great effort of the SIP/MulGraB 2010 International Advisory Boards and members of the International Program Committees, as well as all the organizations and individuals who supported the idea of publishing this volume of proceedings, including SERSC and Springer. Also, the success of these two conferences would not have been possible without the huge support from our sponsors and the work of the Chairs and Organizing Committee.
