**DTP's 2019 Fantasy Football Draft Guide** Daniel Parlegreco, 2019-06-20. After years of selling my best-selling NFL Draft guide, I've decided for the FIRST TIME EVER to publish a 2019 Fantasy Football guide. This draft guide will act as the perfect complement for your fantasy football league draft. Whether you're in a PPR league, a standard league, a keeper league, or an auction-style draft, what makes me qualified to publish a draft guide? Well, to put simply, I've won quite a bit. After years of listening to podcasts, watching fantasy shows, and having access to a TON of team data, I've learned who and how to draft. This short and simple draft guide will act as a magazine of sorts and help you decipher and draft players off of my simple metrics. It will take a look at what helps me specifically when sorting through hundreds of players. I will examine in this guide: QB's, RB's, WR's, TE's, FLEX, K's, D's, and defensive players. I don't simply rate players off of other draft experts' feelings or viewpoints. I look at a lot of different factors when putting together my rankings, in which is QUITE different from others. I priced this magazine book to make it affordable for everyone. Take a look, I think you'll have a very, very good draft if you do.

**Fantasy Expert** Ron Shandler, 2024-02-20. An entertaining and incisive chronicle from one of the foremost authorities in fantasy baseball. Ron Shandler is a self-described rotoholik. In the beginning, he hoarded newspaper box scores and pored over every number at his disposal. Then came the compulsion to create his own numbers. A monthly newsletter expanded into an annual *Baseball Forecaster* book, which spawned a media company, websites, tournaments, and more. Part memoir, part madcap history, *Fantasy Expert* is a fascinating and wide-ranging look at the modern growth and development of the game that went from cottage industry to national obsession. In chronicling his own escalating journey from rotisserie baseball hobbyist to professional authority, Shandler tells parallel tales of the rise of fantasy sports, the expanding baseball information industry, the increasingly sophisticated technology employed to gain an edge, and the fellow rotoholics who make it all possible. He also delves into the impact of fantasy baseball on the sport of baseball itself. Written with humor, honesty, and a deep passion for baseball, this is a must-read for anyone interested in the history, progression, and future of fantasy baseball.
