**TITLE 120 – GENERAL MANUAL**  
**Part 403 – Directives, Forms, and Reports**  
**Subpart A – Directives**

---

**403.0 Purpose**

This General Manual (GM) subpart establishes National Resources Conservation Service (NRCS) policy for directives management and provides a general description of the various types of permanent and temporary directives, as well as an overview of procedures for preparing and amending directives.

**403.1 Definitions**

NRCS directives are written communications that initiate or govern actions, conduct, and procedures related to the work of NRCS.

**403.2 Coordinated System of Records**

- A. The directives system uses the NRCS Records Guide (120 GM 408) to coordinate directives with correspondence, record files, forms, and reports using the same primary subjects, title numbers, and symbols.
- B. The records guide is a functional arrangement, not organizational; therefore, the title number of a given directive indicates the subject matter, not the individual or office that is responsible for the directive. Under a functional arrangement, any individual or office may issue directives under any title. The subjects, title numbers, and subject symbols are provided in figure 403A-1.
