- 1.2** (a) Capital funds are money used to finance projects. It is usually limited in the amount of money available.

He can justify the result as an accident; he can feel justified by the legal fault and punishment he receives; he can get angry because it **WAS** an accident; he can become tormented over time due to the stress caused by accidentally causing a child's death.
- 1.8** *This is structured to be a discussion question; many responses are acceptable.* Responses can vary from the ethical (stating the truth and accepting the consequences) to unethical (continuing to deceive himself and the instructor and devise some on-the-spot excuse).
- Lessons can be learned from the experience. A few of them are:
- Think before he cheats again.
  - Think about the longer-term consequences of unethical decisions.
  - Face ethical-dilemma situations honestly and make better decisions in real time.
