Davies, Missionary to the South Sea Islands C.W. Newbury,2017-05-15 In the wake of the navigators who finally opened up
the Pacific came missionaries traders and finally administrators In the early decades of the 19th century Polynesia was a rich
field for the curious and the calculating for writers and adventurers The pioneer European settlers in Eastern Polynesia were
ministers and mechanics sent out on the crest of an Evangelical wave the merged with the currents and eddies of trade and
whaling to break down the isolation of the islands and their inhabitants Among the pioneers was Welshman John Davies 1772
1855 who spent just over 50 years of his life on Tahiti and neighbouring islands He witnessed the rise of the Pomare dynasty
conversion to Christianity reaction to attempts at theocratic government and the gradual encroachment of alien commerce
and European rule His colleagues have made their contribution to the history and anthropology of Polynesia Davies himself
teacher linguist and careful observer wrote his own story of the Mission its personalities and their contact with the
Polynesians from the early phase of disillusionment through three decades of political and economic change destruction and
reconstruction From this contact there emerged the uneasy compromise of missionary and indigenous beliefs and institutions
that characterized Tahiti and its neighbours before and after the advent of French administration Davies s manuscript
