Working on Earth Christina Robertson, Jennifer Westerman, 2015-02-25 This collection of essays examines the relationship between environmental injustice and the exploitation of working class people Twelve scholars from the fields of environmental humanities and the humanistic social sciences explore connections between the current and unprecedented rise of environmental degradation economic inequality and widespread social injustice in the United States and Canada The authors challenge prevailing cultural narratives that separate ecological and human health from the impacts of modern industrial capitalism Essay themes range from how human survival is linked to nature to how the use and abuse of nature benefit the wealthy elite at the expense of working class people and the working poor as well as how climate change will affect cultures deeply rooted in the land Ultimately Working on Earth calls for a working class ecology as an integral part of achieving just and sustainable human development

Off the Hook Too! Nancy Besonen, 2024-06-15 In 1981 L Anse Sentinel publisher Ed Danner unleashed the madness when he invited a rookie reporter from Chicago's South Side to work for his Upper Michigan weekly newspaper Nancy Besonen's Off The Hook is a collection of humor columns she successfully slipped by her editor over a 30 year reporting career However there were still a few very silly things left unsaid Her second and final installment Off the Hook Too keeps the laughter alive and rounds out what she likes to call The Compleat Works of Nancy Besonen take that William Shakespeare Nancy Besonen's weekly columns in the L Anse Sentinel always made me smile or chuckle and quite often even snort with mirth Besonen connects so well with our quirky Yooper culture and its priorities Her perspective of our everyday lives is hilarious and reminiscent of the late Erma Bombeck Terri Martin author and U P Notable Book Award recipient It takes a special person to write a weekly column year after year and decade after decade There have to be times when life is not funny you're just not in the mood to be humorous

or you simply can't think of a damn thing to satirize or poke fun at So hats off to Nancy Besonen because judging by this collection of her weekly columns in the L Anse Sentinel she has a genuine talent for finding humor in everyday life Tom Powers Michigan in Books Besonen has written a book that reads like standup comedy la up north humor If you have only heard of Northern Michigan or are an actual resident Yooper you will find the clever writing in this book to be enjoyable Short chapters make reading easy on the days there isn't much time to read The entire book does not have to be finished to find out whodunnit although it's still difficult to put down Carolyn Wilhelm Midwest Book Review Besonen a gifted journalist who moved north from Chicago for the fishing and brought with her a deep sensibility for the U P both teaches and inspires This is true nonfiction at its best both wit and investigative journalism I am glad she collects it here Mack Hassler former professor of English Kent State University for U P Book Review Excerpts Hunting There is no arguing that antlers are important They help deer decide who gets a date They help successful hunters get a grip while dragging their prize from the woods They are the ultimate Northwoods accent piece suitable for hanging in any room but mostly those frequented by Northwoods men Photography There is something horribly wrong with a society that requires its young to become certified in Hunter Safety before handling a gun yet will put a fully loaded camera into a child's hands at a wedding and say Get a shot of Daddy doing the Chicken Dance Berry picking If someone asks if we've been picking blueberries we say yes because it's hard to lie when you have leaves in your hair and blue spots on your butt When they ask where we say The Plains Then we say Goodbye We're there to pick It's the way of the sticks Toys My particular generation is the baby boomers We were born as a direct result of WWII Our daddies were very happy to come home to our mommies They expressed their joy by populating the earth with many children who were easily entertained Cell phones Don't those damn things ever stop ringin my husband bellowed Our son seated beside him in the car bent his head in obvious shame focusing on the offending cell phone in his hand A moment later his sister's cell phone rang in the back seat It was her brother calling her from the front Bugs I opened the cap on my shampoo and knew just how Janet Leigh felt when Norman Bates joined her for a shower in Psycho There was an earwig underneath it and it wasn't finished bathing We are used to being bugged and having nowhere to hide If Norman had made his move on a Maki in the sauna she'd have parted his hair with a pickaxe Food There is a time and a place for eating healthier I have no idea when or where that is but I am pretty sure it's not Thanksgiving Day when every dish is meant to shine mainly from its high fat content We are thankful for giblet gravy and real butter Barbie In the beginning she was blonde or brunette Then she became black or Hispanic which was a good thing Then you cut her hair which was a bad thing because it devalued your investment and caused Ken to lose interest though nobody thought Ken was much of a catch anyway Data breach What makes a data breach even more frightening is that 400 of our personal private characteristics may also be fully exposed The computing element may at this very moment be tuning into the facts that you are a smoker and a dog owner What are they going to do Sniff you out and steal your dog Crafting It was a controlled burn
