This guide is aimed at helping you write an effective undergraduate economics term paper. The guide offers advice on selecting a paper topic, describes the structure of a typical economics term paper, and provides some organizational helpful hints. Following these suggestions will ensure that you write a coherent and well-structured paper.

### **Choosing a Topic for Your Instructor's Paper Assignment**

The first and most important step in choosing a suitable topic. You need to make sure your topic is not too broad since this will prevent you from writing a well focused term paper. It is essential to do some background reading on the topic and be sure to read the previous study notes. It will help you determine whether or not your topic is feasible. As you search for an appropriate topic you should not allow your instructor's hints will help you narrow the focus and identify an interesting question. Once you have chosen an appropriate topic for your paper it is vital for you to formulate a clear research question.

It is important to make your writing based on the type of paper you are assigned. There are several different types of economics term papers that you might encounter: theoretical papers, literature surveys, empirical papers (including econometrics or descriptive statistics), term papers and case notes.

**Theoretical papers** typically use mathematical models to understand economic behavior. Though sometimes theoretical papers might rely upon graphical models. Constructing mathematical models to represent economic level of mathematical sophistication and might prove to be difficult for most undergraduate students.

**Literature surveys** discuss and summarize a set of works from recently published sources that are on the topic of interest to the instructor. This type of paper requires a lot of reading and it is imperative that you gather relevant books and peer-reviewed journal articles (i.e. articles that have been published in academic journals after being reviewed by other scholars in the field). A good literature survey not only presents all the relevant ideas that other scholars in each sub-field have put forward but also
