Contributors Index Part I Analytical Approaches to Transboundary Water Management Part II Transboundary Water Management Polity and Practice Part III Challenges and Opportunities This book is the first to bring together in a concise and accessible way all of the main topics to be considered when managing transboundary waters It will raise the awareness of practitioners of the various issues needed to be taken into account when making water management decisions and provide a practically based overview for advanced students The authors show clearly how vital it is to cooperate effectively over the management of shared waters to unlock their contribution to regional sustainable development The book is largely based on a long running and tested international training programme run by the Stockholm International Water Institute and Ramboll Natura and supported by the Swedish International Development Co operation Agency Sida where the respective authors have presented modules on the programmes It addresses issues not only of conflict but also of managing power asymmetries benefit sharing stakeholder participation international water law environmental water requirements and regional development It will be particularly useful for those with a background in hydrology or engineering who wish to broaden their management skills

Averting Crisis in Ukraine Steven Pifer, 2009 This Council Special Report commissioned by CFR s Center for Preventive Action takes all these issues into account and examines the many challenges

facing Ukraine The report comprehensively analyzes the country's difficulties related to both domestic conditions for example fractious politics and deeply divided public opinion and foreign policy for example issues related to the Black Sea Fleet and Ukrainian and European dependence on Russia's natural gas The report then recommends ways for the United States to encourage Ukraine on a path of stability and integration with the West It proposes measures to bolster high level dialogue between Washington and Kiev foster effective governance in Ukraine and reduce Ukraine's susceptibility to Russian pressure On the crucial NATO question the report urges the United States to support continued Ukrainian integration with the alliance though it recommends waiting to back concrete steps toward membership until Kiev achieves consensus on this point One need not agree with this judgment to find Pifer's analysis of value Averting Crisis in Ukraine takes a clear eyed look at the issues that could cause instability or worse in Ukraine But it also recommends practical steps that could increase the prospect that Ukraine will enjoy a prosperous democratic and independent future
