Scan to a computer or memory card

You can start a scan to a computer either from the printer display or from the printer software on your computer. Starting a scan from the printer display is quick. Starting a scan from the software gives you more options.

Before starting scan to a computer from the printer display, make sure the printer is connected to your computer either on a wireless network or through a USB cable.

If the printer is connected to the computer through a USB cable, you can start scan immediately from the printer display.

If the printer is connected to a Windows computer on a wireless network, you need to enable wireless scan in the software first. From the **Start** menu on your computer, click **All Programs**, and then click **HP**. Under **HP Photosmart 5510 series**, click **HP Photosmart 5510 series**, click **Scanner Actions**, and then click **Manage Scan to Computer**.

 **NOTE:** You can choose to keep the **Scan to Computer** option always active, and then you will not need to enable wireless scan again next time you start a scan from the printer display.

To scan to a computer or memory card from the printer display

1. **Load original.**

- a. Lift lid on the product.
