In today's high stakes world, ready-made lessons and teacher's guides are no longer enough to guarantee achievement. The best way to help students succeed is through deliberate and careful lesson planning focused on the end result of increasing student achievement. Whether you are a new teacher or an experienced educator, this book will help you get started by providing a practical step-by-step guide to designing lessons that will lead to student mastery of any objective. You'll learn the essential components of lessons that are Common Core aligned and grounded in best practices. Topics include tailoring your lessons to meet your state standards while ensuring high student achievement, writing a strong objective to stay focused on the goal of a lesson, creating an end-of-lesson assessment to gauge the lesson's success, constructing a lesson plan that combines direct instruction, guided practice, and independent practice. Along the way, you'll find plenty of helpful examples from math and English Language Arts. You'll also find end-of-chapter FAQs and activities to try to help you make these concepts a reality for your own classroom.

This How To book is different. Unlike every other book you'll read with titles like *How To Craft The Perfect Lesson Plan in 165 Incredibly Simple Steps*, this book is different. It's a simple How To guide for creating a lesson plan that's right for you and your students, and also an easy-to-follow workbook. We'll discuss what exactly a lesson plan is and why you even need one. We'll then go on to look at the process for creating a lesson plan, including the questions you need to consider so that you don't forget anything important. Then we've got 60 lesson plan templates for you to follow with a double-page layout so that you have plenty of space for all your notes. We've even included some Further Notes pages at the back for anything else you need to jot down.

Teaching students of any age is both a challenging and daunting prospect. With a well-thought-out lesson plan in place, anticipating the questions you'll face AND the answers, it will be much less daunting and much more exciting. Good luck, Molly.
