The Cambridge Handbook of Copyright in Street Art and Graffiti Enrico Bonadio, 2019-11-13 Bonadio brings together experts to provide the first comprehensive analysis of issues related to copyright in street art and graffiti. This book sheds light on the legal tools available for artists and offers policy and sociological insights to spur further debate. It will appeal to legal scholars and law practitioners around the world.

Precalculus: A Functional Approach to Graphing and Problem Solving Karl Smith, 2013. Precalculus: A Functional Approach to Graphing and Problem Solving prepares students for the concepts and applications they will encounter in future calculus courses. In far too many texts, process is stressed over insight and understanding, and students move on to calculus ill equipped to think conceptually about its essential ideas. This text provides sound development of the important mathematical underpinnings of calculus, stimulating problems and exercises, and a well-developed, engaging pedagogy. Students will leave with a clear understanding of what lies ahead in their future calculus courses. Instructors will find that Smith's straightforward, student-friendly presentation provides exactly what they have been looking for in a text.
