Geisler, 2003-08-01 The culmination of the author s decades of study teaching and research this second volume in the Systematic Theology series begins with an examination of the realities of the existence of God and His nature focusing on His attributes The next section Creation studies the biblical understanding of God s work past present and future and explains the scientific views associated with the origin of all things *Handmaid to Theology* Winfried Corduan, 2009-07-01 A most

needed and creative beginning in theological prolegomena says Norman L Geisler of *Handmaid to Theology* In this work the long neglected use of philosophy in evangelical theology is overcome Philosophical Prolegomena does not in this case constitute an introduction to theology preliminary material of which one must dispose before delving into the actual content of divine revelation Instead it constitutes a handmaid to theology the philosophical categories that necessarily help to shape each doctrine In addition to demonstrating the inevitable reliance of theology on certain philosophical concepts the author pleads for a clear distinction between biblical theology and systematic theology within the evangelical tradition Particularly helpful says Geisler is the emphasis on the need to use biblically compatible concepts in order to construct a systematic theology After two introductory chapters What Is Prolegomena and Prolegomena The Starting Point the author devotes two chapters to the doctrine of man as many to the doctrine of revelation three to the doctrine of God and a final chapter to the doctrine of regeneration This book turns over new ground in theological prolegomena concludes Geisler Its pace setting

Systematic Theology Norman L. Geisler,2025 The Greatness of God Charles Frank Thompson,2016-02-08 With each passing day our world seems to drift further and further away from the God of the Bible divine creation and Christian belief This societal shift toward postmodernism and secularism is not a new development however the expanding and intensifying revolt against the biblical God and Christianity traces its roots back to the modern philosophies of the Enlightenment and Romanticism which have given rise to many divergent views during the past three centuries and become even more extreme in recent postmodernism The Greatness of God How God Is the Foundation of All Reality Truth Love Goodness Beauty and Purpose stands as an intellectual counterweight to the prevailing winds of a secular postmodern world Author Charles Frank Thompson argues that the consequences of this rejection of God and divine creation have not been benign He traces the modern revolution in detail and describes its deleterious consequences including the loss of the ultimate basis for universal truth knowledge meaning and purpose In The Greatness of God Thompson explores a wide range of topics including Christian theology metaphysical philosophy and an analysis of modern thought and art He examines the rich history of Christian poetry prose and art and takes a look at recent scientific discoveries that help us understand Christian teachings about God's creation He concludes with an exploration of the millennium the eternal kingdom of God and the spiritual state of America and Europe today *Systematic Theology* Dr Norman L Geisler,2003-08-01 A Popular Survey of Bible Doctrine Norman Geisler,Douglas E. Potter,2016-01-06 Christians more than ever need a basic introduction to Bible doctrine that is systematic and true to Scripture This book is a popular introduction to the study of Bible doctrine firmly in the evangelical tradition Each chapter covers a biblical doctrine stresses its doctrinal importance and inter connectedness to formulating a Christian worldview The study questions provided help reinforce the material and make it usable even for a formal study of Bible doctrine It is ideal for personal study and in groups for the home church school or ministry environment

Philosophy, Who Needs It? Jason D. Crowder, 2016-03-02 Too often skeptics charge Christians with having a blind faith Unfortunately believers have added fuel to the charges of skeptics by speaking of their faith illogically But the Christian faith is not a blind faith In fact biblical faith is never a blind irrational faith Christianity rests firmly on the stone that was rejected by the builders which has become the cornerstone Jesus Christ Acts 4 11 Living biblically requires thinking biblically just as to think biblically entails to live biblically as Winfried Corduan notes in the Foreword As followers of Christ believers cannot separate biblical thinking and biblical living These two behaviors are eternally connected not only in the person of Jesus Christ but they stem from the eternal being of God the Father and his eternal truth Christ mandates that his followers love God with their entire being heart soul mind and strength Mark 12 30 How are believers to go about living out this biblical mandate Christian faith is a warranted belief This is why it is so essential that Christians recognize the value and importance of philosophy and its proper place in Christendom and in the Christian s walk **The Future Restoration of Israel** Stanley E. Porter, Alan E. Kurschner, 2023-06-02 This volume is the most extensive of its kind as a major set of collected essays from a wide range of scholars on the question of the promises of God to Israel These essays put forward the position that unconditional promises were given to Israel which have not been fulfilled in the church or any other entity At the consummation there will be a continuing role for the Jews realized through their national and territorial hope of a restored redeemed Israel This volume contains an eclectic group of contributors who have reached this position from various approaches to interpretation The essays exhibit both positive argumentation and engagement with supersessionist literature

From God to Us Norman L. Geisler, William E. Geisler, 2004-08-04 Philosophy has given us insights into the reflections of thinkers on such subjects as God mankind the world and the possibility of knowing ultimate reality The processes of reasoning and the conclusions of logic are often intensely fascinating Dr Geisler reminds us however that the premises and the arguments of philosophy are often faulty leading to a wholly inadequate view of knowledge and revelation He reiterates Paul s warning to the Colossian Christians See to it that no one takes you captive through hollow and deceptive philosophy The contributors to this volume show how the basic presuppositions of many philosophers lead to a denial of a divine inerrant revelation The views of some modern theologians regarding revelation find their roots in such deceptive philosophy Chapter titles are Inductivism Materialism and Rationalism Bacon Hobbes and Spinoza Norman L Geisler Skepticism Hume Gary R Habermas Agnosticism Kant W David Beck Transcendentalism Hegel Winfried Corduan Existentialism Kierkegaard E Herbert Nygren Atheism Nietzsche Terry L Miethe Noncognitivism Wittgenstein John S Feinberg Mysticism Heidegger Howard M Ducharme Jr **Worlds Apart**
