**Ever Yours** Vincent van Gogh, 2014-12-02 In addition to his many remarkable paintings and drawings Vincent van Gogh 1853-1890 left behind a fascinating and voluminous body of correspondence This highly accessible book includes a broad selection of 265 letters from a total of 820 in existence that focus on Van Gogh's relentless quest to find his destiny a search that led him to become an artist the close bond with his brother Theo his fraught relationship with his father his innate yearning for recognition and his great love of art and literature The correspondence not only offers detailed insights into Van Gogh's complex inner life but also re-creates the world in which he lived and the artistic avant-garde that was taking hold in Paris The letters are accompanied by a general introduction historic family photographs and reproductions of 87 actual pages of letters that contain sketches by Van Gogh Selected from the critically acclaimed 6-volume set of letters published by the Van Gogh Museum in 2009 **Ever Yours** is the essential book on Van Gogh's letters which every art and literature lover needs to own

**Belarus in Autoethnographic Narratives** Victor Martinovich, 2025-08-19 This book offers an autoethnographic exploration of the interplay of art, memory, and resilience in Eastern Europe, weaving together the personal and collective histories of Belarusians—those who survived two World Wars and their contemporaries who are now looking for a way out of a political crisis in the region. Set against the history of Belarus, it recounts the story of the author's great-grandfather Amyalyan, a Belarusian peasant executed by the Nazis after saving a Jewish man during World War II, along with reflections on artists like Chaim Soutine and Marc Chagall whose journeys reflect the region's cultural endurance. Combining autoethnography and art history, this book presents art as a medium of empathy, challenging readers to engage with paintings emotionally rather than through a purely analytical lens. Each chapter functions as both a historical reflection and an invitation to see art as a means of reclaiming personal narratives, making historical traumas accessible and relatable. Themes of compassion, forgiveness, and the humanizing power of art emerge as essential elements guiding readers through the complex intersections of personal and collective memory. This book is a valuable addition for researchers and students interested in ethnography and autoethnography, Eastern European studies, art history, cultural studies, and memory studies.
