Northeast American Sports Car Races Terry O'Neil,2022-02-07 The growth of sports car racing in Northeast America was not painless Tragedy mystery subterfuge intrigue and an adherence to a particular club philosophy all featured in its story during the 1950s when professionalism in the sport was always bubbling under the surface The northeast area of America has long been considered the cradle of post World War II sports car racing the Sports Car Club of America was founded there and it was the entry point to America for a host of European sports cars Early in the 1950s road races had been permitted by some State authorities but due to fatal accidents a ban on such racing came into effect Forced to find alternative venues the motor clubs were attracted to civil airports and a few military bases But the drivers craved more challenging venues on which to hone their skills This resulted in a few individuals chancing their reputation and a great deal of money and opening purpose built circuits This book gives a unique insight into this intriguing journey through the decade Extensively researched the compelling story and stunning contemporary photos many previously unpublished paint a fascinating portrait of a nascent sport coming into its own **Scooter Lifestyle** Ian Grainger,2014-09-16 There has been plenty said and written about scooters over the years but until now there has been no definitive look at the culture surrounding our chosen way of

life Many authors have written about mods and the infamous and often over hyped beach battles of the 1960s but hardly any have tried to capture the atmosphere of the modern scene in print We still owe the original mods for fuelling the imagination of past present and future generations and for leaving a rich scooter heritage behind them Although the mod way of life was the spark which lit the fuse for many of us the majority of scooter riders have evolved into lifestyle scooterists We may not dress in a particular style our scooters may not be adorned with lights and mirrors but we still burn with the same passion as our scooter riding ancestors It s over sixty years since the first Italian scooters rolled off the production lines but there is still a buzzing and vibrant lifestyle surrounding them The small capacity machines have overtaken the lives of thousands of us often to the detriment of everything else we hold dear Careers relationships and families have suffered for this overwhelming and expensive addiction An addiction to which there is no cure We live and breathe the sickly sweet smell of synthetic two stroke oil and worship at the altar of our chosen gods Lambretta and Vespa or occasionally Gilera and Italjet Our hands are permanently ingrained with the oily tattoo s of a thousand engine rebuilds and our major organs have suffered the long term effects of our hedonistic lifestyle Including interviews with well known scootering personalities over 150 colour photographs of award winning custom scooters best selling scooter models and information on rallies and events this book is a must have for anyone interested in these fun machines Subject Guide to Books in Print ,2001 Vincent Motorcycles Philippe Guyony,2021-10-28 Very few motorcycles have carved a mark in history like the Vincent V twin from its arrival in 1946 and up to the present day On the road in club racing in drag races or competing for land speed records it dominated the motorcycle world leading to the famous catchphrase coined by the factory The World s Fastest Standard Motorcycle It was a FACT NOT a slogan Images such as that of Rollie Free in swimming trunks laying flat on his works modified Black Shadow and taking the American motorcycle land speed record at Bonneville in 1948 have now passed into posterity In fact the big Vincent was so ahead of its time that it continued to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes No other motorcycle in the world can claim this kind of achievement Following the premature ending of Vincent production Fritz Egli s 1967 Egli Vincent was the first chassis completely redesigned for a Vincent in 21 years Egli s machine inspired numerous builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the Vincent Understand how the flame of passion still burns brightly today Agricultural IQ, Information Quick Handbook ,1996 The Complete Small Truck Cost Guide, 1994 Inc Intellicochoice,IntelliChoice, Incorporated,1994 Federal Register ,1996-08 **Rootes Cars of the 1950s, 1960s & 1970s: Hillman, Humber, Singer, Sunbeam & Talbot** David Rowe,2021-10-05 The Rootes Group although only achieving a 10 12 per cent market share were the sixth largest British car manufacturer more importantly during the 1950s more than half the cars they produced were exported With every model produced from 1950 onwards featured in full colour and with detailed information including colour schemes optional equipment technical specifications plus other manufacturers

cars built using Rootes components this is the ultimate book for all Hillman Humber Singer and Sunbeam enthusiasts Cars produced by Chrysler Talbot and Peugeot after their acquisition of the Rootes Group are also included This book includes hundreds of original photographs taken by the author at many car shows over a number of years and provides a unique pictorial history of Rootes manufactured cars

Car and Driver ,1997 *Automotive Industries* ,1997 N.A.R.T. Terry O'Neil,2020-01-31 Most people with an interest in motor sport will be familiar with the acronym N A R T yet few people profess to know too much about the North American Racing Team Starting in the the second half of the 1950s NART existed for three decades during which it experienced successes on the tracks of America and Europe It also suffered financial difficulties and arguments with track organisers This book explains what NART was how it was formed and what it achieved over three decades of competition It wasn t just sports cars that were entered into races NART entered Formula One cars and Formula Junior cars as well Never as financially stable as his rival team owners Chinetti did deals with Ferrari to purchase the latest specification sports cars at the end of a season in order to attract the best drivers to drive for NART It was also an opportunity to lease the cars on a race by race basis an arrangement that appealed to some of Chinetti s clientele Whilst success on the track was significant problems were never far away Working on the cars with a limited number of staff and not receiving spares from Ferrari on time NART always appeared to be in a state of crisis No matter despite the difficulties the formula worked well for Luigi Chinetti and the acronym N A R T has rightly become legendary
