Peter M. Mirabito

Mark F. Sanders
John L. Bowman

The background of the cover features a detailed microscopic illustration of a cell colony. The colony is composed of numerous small, rounded cells, some of which are connected by thin filaments. The cells are rendered in shades of green and blue, with a textured, almost crystalline appearance. In the center of the colony, a larger, more prominent cell is shown in a cross-section or detailed view, revealing its internal structure. The overall composition is set against a dark, gradient background that transitions from black at the top to a lighter, yellowish-green at the bottom.
