Who Gets In? Rebecca Zwick, 2017-05-15 On the disputed topic of U S college admissions everyone agrees that this high stakes competition is unfair But few agree on what a fair process would be Stressing transparency in evaluating applicants Rebecca Zwick assesses the goals and criteria of different admissions policies and shows how they can fail to produce the desired results

*Creating Stellar Lessons with Digital Tools* Kenneth J. Luterbach, 2022-05-12 *Creating Stellar Lessons with Digital Tools* prepares teachers in training and in service teachers to use technologies for design and development activities with middle and high school students While software open resources handheld devices and other tools hold great potential to enhance learning experiences teachers themselves must model technology use in ways that inspire students to become producers and leaders rather than consumers and followers Featuring concrete applications in social studies English mathematics and science scenarios this book provides pre service and in service teachers with seven paths to creatively integrate and innovate with computational thinking datasets maker spaces visual design media editing and other approaches

**The Social Studies FIELD Guide** Joe Schmidt, Glenn Wiebe, 2025-03-07 Your roadmap to creating engaging and impactful social studies lessons that prepare students for the adventures and challenges of tomorrow In today s rapidly changing society it is essential for students to develop critical thinking and evidence based reasoning skills The traditional model of rote memorization of dates and facts in social studies classrooms no longer engages students or adequately prepares them for the complexities of the modern world In *The Social Studies FIELD Guide* authors Joe Schmidt and Glenn Wiebe illuminate a transformative path for educators to improve social studies education by moving away from memorization and towards meaningful and active learning This comprehensive guide delves into the heart of inquiry based learning integrating the rich tapestry of primary sources and the cutting edge potential of educational technology As the educational landscape evolves this *FIELD Foundational Evidence Inquiry EdTech and Lesson Design Guide* is a beacon for teachers seeking to bring history and civics alive for their students By utilizing primary sources and encouraging students to think critically about historical events from multiple perspectives the *FIELD* framework fosters a deeper understanding of past events and their relevance to current issues through Innovative Framework Provides a cohesive structure through the *FIELD* acronym for creating dynamic social studies lessons Research Driven Insights Offers a synthesis of key research in social studies education equipping teachers with evidence based strategies for classroom success Practical Application Presents Hikes in each chapter offering instructional ideas that translate theoretical concepts into actionable classroom practices

Technology Integration Guides educators in leveraging educational technology tools to enhance student engagement and learning outcomes Focus on Inquiry Integrates inquiry based learning where students explore authentic questions and investigate real world problems Step into the future of social studies education with The Social Studies FIELD Guide an indispensable resource that distills decades of teaching expertise into actionable insights empowering educators to craft meaningful and engaging lessons without the burden of sifting through overwhelming resources Each chapter is a wellspring of tools examples and practical ideas ensuring that social studies teachers can navigate the wilderness of modern education with confidence and creativity

**The Knowledge Gap** Natalie Wexler,2019-08-06 Essential reading for teachers education administrators and policymakers alike STARRED Library Journal The untold story of the root cause of America s education crisis It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country s frustrating lack of progress when it comes to providing every child with a quality education The problem wasn t one of the usual scapegoats lazy teachers shoddy facilities lack of accountability It was something no one was talking about the elementary school curriculum s intense focus on decontextualized reading comprehension skills at the expense of actual knowledge In the tradition of Dale Russakoff s *The Prize* and Dana Goldstein s *The Teacher Wars* Wexler brings together history research and compelling characters to pull back the curtain on this fundamental flaw in our education system one that fellow reformers journalists and policymakers have long overlooked and of which the general public including many parents remains unaware But *The Knowledge Gap* isn t just a story of what schools have gotten so wrong it also follows innovative educators who are in the process of shedding their deeply ingrained habits and describes the rewards that have come along students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed If we truly want to fix our education system and unlock the potential of our neediest children we have no choice but to pay attention
