## **Guidebook Mobile App Reviews:**

**Exploring the Use and Impact of Travel Guidebooks** Victoria Peel, Anders Sørensen, 2016-02-04 This volume provides the first comprehensive examination of travel guidebooks and their conceptualisation use and impact Guidebooks have been key tourism paraphernalia for almost two centuries and although researched in some areas academic knowledge on guidebooks in tourism has not been expansively communicated The uncritical unreflective and largely pejorative approach to guidebooks in the public sphere and to some degree also present in academia is reassessed in this book This challenges the current limited tourism research approaches to the topic including the routinely held assumption that the internet has all but destroyed the printed guidebook This book will be a useful resource for postgraduate students and researchers in tourism and tourism communications and consumption

**Travel Guides Purpose** Zuri Deepwater, AI, 2025-02-19 In an era saturated with digital information Travel Guides Purpose investigates the enduring role of printed travel guides in trip planning and the broader tourism landscape It explores how these guides continue to shape traveler behavior and provide curated information A key insight is that despite the abundance of online resources travel guides offer unique value through expert recommendations and offline accessibility challenging the assumption that digital media has made them obsolete The book highlights the evolution of the travel guidebook industry and its ongoing efforts to remain relevant in the digital age The book takes a practical approach backing its arguments with data from tourism bureaus and analyses of guidebook content strategies It examines how traveler information preferences have evolved and presents a best practice approach for creating and using printed travel guides Travel Guides Purpose progresses by first introducing key concepts related to travel motivations then presenting data from tourism bureaus and finally discussing best practices It connects to business management through its analysis of market trends and travel management via analysis of resource allocation
