**Google AdSense Quick Guide** Michael Miller,2012 **Mastering AdSense: the Insider's Guide to Increasing Your Earnings with Google AdSense** John Colascione,2020-01-15

Mastering AdSense is a guide specifically designed to assist website owners in learning and understanding how to maximize their Google AdSense earnings. It is not a get rich quick formula. It is intended to explain how exactly Google decides which ads to display and when these ads should pay out the most to publishers and why. Topic chapters include Google's smart pricing algorithms, what they deem to be invalid clicks and/or impressions where funds are deducted from publisher earnings, as well as touch on additional critical factors such as the use and avoidance of ad blockers and other obstacles which create a very different digital landscape for today's web site publisher versus years past. Although it is more challenging than in the past, being successful with AdSense and competing in today's highly competitive online space is surely not impossible, and those who keep at it and are persistent and determined to learn, adapt, and change strategies with the times ahead are most likely to succeed. I hope that you enjoy what you find while reading and experiencing Mastering AdSense, as the only way it truly serves its purpose is by increasing your earnings.
