Read the text. Then read the questions, and then read the text a second time. Finally, answer the questions.

Text 1

The salmon is actually a fish, but it doesn't live in water. There are many fish for different types of saltwater. The biggest group is bony saltwater fish and we only find a few cartilage fish. They have two skeletons: one on the inside (the bony one) and the other on the outside (the plates over the body like a suit of armor). Cartilage fish are usually grey or black.
