Following the death of Queen Elizabeth I, in March of 1603, King James I was crowned as king of both England and Scotland. In order to welcome King James I as the new king, Shakespeare wrote Macbeth specifically as a tribute and it was performed in 1606. Shakespeare included themes such as the supernatural, the divine right of kings and ancestry.

In Macbeth, the witches predicted that an ancestor of Banquo, who was claimed as an ancestor of James I, would become king therefore proving James' right to become king. In regards to themes presented in Macbeth, a dominant theme within the play is ambition and its corrupting nature; which is deployed through the characters' struggles between their morals and vaulting ambition, driven by their lust for power.

Ambition can be described as eager for success, the strong desire for achievement as well as the general fulfilling and satisfaction of one's hopes and dreams. Although ambition may feel rewarding and mandatory in life, Shakespeare doesn't hesitate to raise awareness to the importance of recognizing that uncontrollable and blinding ambition results in the greatest and most unfortunate forms of downfall, potentially leading to devastating loss. In the Jacobean era, as well as in Macbeth, ambition is not a positive drive; the consequences of an ambitious mindset is tragic downfall through some counteraction, as a comeback to it.

Essentially, ambition is presented as the major catalyst that reveals Macbeth's true nature, a capacity to be ruthless and cruel as well as bloodthirsty in his pursuit for the crown. This essay will explore how Shakespeare effectively explores the theme of ambition in terms of: Macbeth's ambition, Lady Macbeth's ambition and how ambition challenges a person's morality. These three areas effectively show how Shakespeare has used ambition to present his moral message about the theme as he believes that great ambition has its consequences. Shakespeare shows us how ambitious characters become corrupted by their crimes, and yet how they suffer from fears and guilt which they have brought onto themselves. Furthermore, it seems that Shakespeare thought of ambition as a doomed effort to outperform and rise above average, and that overpowering ambition is a dangerous quality that ends with ultimate destruction. Shakespeare presents the effect and consequences of ambition on characters such as Macbeth and Lady Macbeth to warn every individual about the dangers of this uncontrollable driving force.

To begin with, Shakespeare reveals the major theme of ambition in Act I Scene I of Macbeth by introducing the genre of tragedy through a prologue of evil involving the three weird sisters. My evidence to prove this from Act I Scene I from Shakespeare's play 'Macbeth' is the following: 'the battlefield: thunder and lightning. Enter three Witches,' 'when shall we three meet again?,' 'In thunder, lightning, or in rain?,' 'fair is foul, and foul is fair' and 'hover through the fog and filthy air'. Shakespeare opens the play with dangerous weather and setting, the disturbance of weather reflects the evil and disruptive nature of the witches as shown in the stage directions 'battlefield: thunder lightning and rain'.

In regards to Shakespeare's choice of setting, the fact that the opening of the play takes place in a battlefield suggests the instability and chaos of society that is already present even though the play has just started; this creates a build of tension and sparks curiosity in the audience as they are eager to know the backstory and cause for this battle and what is to come next. Additionally, this specific setting hints at the genre of tragedy since battle is considered a disastrous event involving the destruction, death and the suffering of many. To elaborate, the fact that the battle is taking place at the exposition of the play further highlights the theme of tragedy as it foreshadows the possibility of more catastrophic events during the climax of the play; it shows
