

## **Memorandum**

**Dated:** 14 January 2023

**To:** Sales & Marketing Group

**From:** Praveenkumar Revankar, Product Engineering

**Subject:** Delay in release timelines of Feature A and Feature B.

### **Purpose:**

The purpose of this document is to notify the cross-functional group about sudden changes in release timelines of Feature A and Feature B and to reinform the group to reprioritize certain tasks for Sales and Marketing for the release.

### **Background/Context:**

We have been working together on our key USP features 'Feature A' and 'Feature B' for targeting their release this quarter. Due to unforeseen circumstances, there is a change in the release timelines and the new timeline will be shared shortly in Scrum of Scrum meeting where a representative from Sales has been invited.

### **Action:**

Even though it looks like a major setback and current activities w.r.t. The release can be paused, there are certain actions that have to be performed in this quarter. The same has been conveyed in Jira, marking the work items with labels "Q1\_Paused" and "Q1\_Must." Please reprioritize your internal activities based on the labels in Jira and ensure a final plan reflected in Jira on or before 30 January 2023.

### **Conclusion:**

We might be delayed with the release but we are not affecting the business. The necessary strategy is defined and put in place to ensure customers can solve their problems using our support until Feature A and Feature B release.

Thanks,  
Praveenkumar Revankar

*Handbook of Research on Solutions for Equity and Social Justice in Education* Etim, James, Etim, Alice, 2023-03-02

Education's role should further social justice, prepare students to compete for higher social positions, train workers, and engage students so that they become active participants in a democratic society. However, as with many global systems, education has long ago fallen victim to the institutional ailments of systematic oppression and discrimination. In order to promote equity and social justice in education, it is paramount that educators and administrators acknowledge systematic challenges in education and the solutions. The *Handbook of Research on Solutions for Equity and Social Justice in Education* discusses how teachers and school administrators practice equity and inclusion in their schools. It provides examples of social justice and how it affects society, as well as specific case studies that aim at engendering equity and inclusion for minorities. It further discusses these issues in a global context. Covering topics such as agentic empowerment, social justice in dialogue, and teacher social justice advocacy, this major reference work is a critical resource for faculty and administrators of both K-12 and higher education, preservice teachers, teacher educators, school social workers, and counselors, librarians, government officials, researchers, and academicians.
