the joys I speak also of the shadows the doubts and struggles the inner conflicts and external storms that tested my roots I share how I learned to make peace with what I could not change and to integrate what once felt broken into something whole Woven through these stories are the theoretical voices of philosophy psychology anthropology theology missiology and spirituality threads of wisdom that helped me make sense of my experience and that my experience in turn has made more real and whole The narrative takes root in a landscape of critical reflection and scholarly inquiry making the personal and the academic converse with each other experience becoming text and text breathing life back into experience and it is in their meeting that true understanding deepens My hope in writing this book is not only for personal growth but also it might invite the readers to pause to turn inward to listen for the seeds lying quiet within themselves to recognize their intrinsic potential and to tend them gently until they sprout and bloom

**The Body as Shadow** Eleanor Limmer MSW,2014-04-10 The Body is very often the personification of this shadow of the ego Sometimes it forms the skeleton in the cupboard wrote Carl Jung and everybody naturally wants to get rid of such a thing Through the symbolism of illness and physical symptoms our bodies reflect the darkness and the light the shadow holds for us until we are ready to accept it It is the shadow face of our souls that holds the light and the darkness until we are strong enough to face and heal what we have

previously denied or rejected about ourselves Our bodies and their ailments are not our enemies and neither are our shadows The shadow reveal the negative ego patterns we had previously rejected or denied through the messages of our illnesses so we can recognize forgive and heal them The shadow is the ally of our true self and the enemy of our negative egos
