Federal Guidelines For Preventive Care:

Public Health Law Lawrence O. Gostin, Lindsay F. Wiley, 2016-02-02 In this bold new edition Gostin is joined by coauthor Lindsay F Wiley to analyze the crucial role of law in addressing today's major health threats including emerging infectious diseases bioterrorism natural disasters car fatalities gun violence opioid overdoses and chronic diseases caused by tobacco use poor diet and physical inactivity The book creates an intellectual framework for the modern field of public health law and supports that framework with illustrations of the scientific political and ethical issues involved In proposing innovative solutions for the future of the public's health Gostin and Wiley's essential study provides a blueprint for coming public and political debates in this dynamic field New issues covered in this edition Corporate personhood rights raised in response to regulations of tobacco food and beverages alcohol firearms prescription drugs and marijuana local government authority to protect the public's health deregulation and harm reduction as modes of public health law intervention taxation spending and alteration of the socioeconomic environment as modes of public health law intervention access to health care as a strategy for protecting the public's health taxation spending licensing zoning and shared use strategies for chronic disease prevention the public health law perspective on violence and injury prevention health justice as a framework for reducing health disparities and protecting the public's health Provided by publisher **Federal Register**, 2013-07

The Oxford Handbook of Social Work in Health and Aging Daniel B. Kaplan, Barbara Berkman, 2016 This Second Edition of the Handbook addresses the evolving interdisciplinary health care context and the broader social work practice environment as well as advances in the knowledge base which guides social work service delivery in health and aging This includes recent enhancements in the theories of gerontology innovations in clinical interventions and major developments in the social policies that structure and finance health care and senior services In addition the policy reforms of the 2010 Patient Protection and Affordable Care Act set in motion a host of changes in the United States healthcare system with potentially profound implications for the programs and services which provide care to older adults and their families In this volume the most experienced and prominent gerontological health care scholars address a variety of populations that social workers serve and the arenas in which they practice followed by detailed recommendations of best practices for an array of physical and mental health conditions The volume's unprecedented attention to diversity health care trends and implications for practice research policy make the publication a major event in the field of gerontological social work This is a Must Read for all social work social work educators practitioners and students interested in older adults and their families
