**Towards Good Order at Sea** Thomas Mandrup, Francois Vre~, 2015-03-01 The problems originating from the resultant bad order at sea can be directly felt on land when smuggling terrorism and related criminal activities operate more or less unhindered The book provides an important mapping of the challenges preventing good order at sea off the African coast and East Africa in particular Rear Admiral N Wang Commandant Royal Danish Defence College Routledge Handbook of National and Regional Ocean Policies Biliana Cicin-Sain, David Vanderzwaag, Miriam C. Balgos, 2015-05-15 This comprehensive handbook prepared by leading ocean policy academics and practitioners from around the world presents in depth analyses of the experiences of fifteen developed and developing nations and four key regions of the world that have taken concrete steps toward cross cutting and integrated national and regional ocean policy All chapters follow a common framework for policy analysis While most coastal nations of the world already have a variety of sectoral policies in place to manage different uses of the ocean such as shipping fishing oil and gas development in the last two decades the coastal nations covered in the book have undertaken concerted efforts to articulate and implement an integrated ecosystem based vision for the governance of ocean areas under their jurisdiction This includes goals and procedures to harmonize existing uses and laws to foster sustainable development of ocean areas to protect biodiversity and vulnerable resources and ecosystems and to coordinate the actions of the many government agencies that are typically involved in oceans affairs The book highlights the serious conflicts of use in most national ocean zones and the varying attempts by nations to follow the prescriptions emanating from the 1982 UN Law of the Sea Convention and the outcomes of the 1992 2002 and 2012 sustainable development summits The interrelationship among uses and processes in the coast and ocean requires that ocean governance be integrated precautionary and anticipatory Overall the book provides a definitive state of the art review and analysis of national and regional ocean policies around the world *The Law and Governance of Decentralised Business Models* Roger M Barker, Iris H-Y Chiu, 2020-12-30 This book draws together themes in business model developments in relation to decentralised business models DBMs sometimes referred to as the sharing economy to systematically analyse the challenges to corporate and organisational law and governance DBMs include business networks the global supply chain public private partnerships the platform economy and blockchain based enterprises The law of organisational forms and governance has been slow in responding to changes and reliance has been placed on innovations in contract law to support the business model developments The authors argue that the law of organisations and governance can respond to changes in the phenomenon of decentralised business models driven by transformative technology and new socio economic dynamics They argue that principles underlying the law of organisations and governance such as corporate governance are crucial to constituting facilitating and enabling reciprocity mutuality governance and redress in relation to these business models the wealth creation of which subscribes to neither a firm nor market system is neither hierarchical nor totally decentralised and

incorporates socio economic elements that are often enmeshed with incentives and relations Of interest to academics policymakers and legal practitioners this book offers proposals for new thinking in the law of organisation and governance to advance the possibilities of a new socio economic future
