The Declaration of Independence Answer Key

Directions: Read the *Declaration of Independence* as well as characteristics of *Rationalism*, and then answer each of the questions in complete sentences.

1. What does Jefferson explain in the first paragraph of the Declaration of Independence?

Jefferson explains that it is time that colonists separate themselves politically from their mother country (England) because its ruler (King George III) has deprived them of their G-d-given rights.

2. What truths does Jefferson consider to be self-evident? Be specific. Why were Jefferson's words a *paradox*?

Jefferson writes that "all men are created equal and are endowed by our creator with inalienable rights."

The statement is a paradox because not all colonists are free, and, in fact, Jefferson owns slaves.

3. What is the *denotation* of inalienable rights? What does Jefferson explain are inalienable rights?

Inalienable rights are rights that are absolute, unchallengeable, or undeniable. They are rights that are assured or promised.

Jefferson explains that inalienable rights are those of "life, liberty, and the pursuit of happiness."

4. According to this document, when is it okay to rebel against a government?

It is okay to rebel against a government when its leaders don't protect natural rights that are guaranteed to its citizens.
