L Hemisferi Fantastic:

Space and the Postmodern Fantastic in Contemporary Literature Patricia Garcia, 2015-04-24 Arising from the philosophical conviction that our sense of space plays a direct role in our apprehension and construction of reality both factual and fictional this book investigates how conceptions of postmodern space have transformed the history of the impossible in literature Deeply influenced by the work of Jorge Luis Borges and Julio Cortázar there has been an unprecedented rise in the number of fantastic texts in which the impossible is bound to space space not as scene of action but as impossible element performing a fantastic transgression within the storyworld This book conceptualizes and contextualizes this postmodern fantastic use of space that disrupts the reader's comfortable notion of space as objective reality in favor of the concept of space as socially mediated constructed and conventional In an illustration of the transnational nature of this phenomenon García analyzes a varied corpus of the Fantastic in the past four decades from different cultures and languages merging literary analysis with classical questions of space related to the fields of philosophy urban studies and anthropology Texts include authors such as Julio Cortázar Argentina John Barth USA J G Ballard UK Jacques Sternberg Belgium Fernando Iwasaki Per Juan José Millás Spain and Ric Faye France This book contributes to Literary Theory and Comparative Literature in the areas of the Fantastic narratology and Geocriticism and informs the continuing interdisciplinary debate on how human beings make sense of space [La temporada teatral española, 1983-1984](#) Luciano García Lorenzo, María Francisca Vilches de Frutos, 1984 **Desglac** Ilija Trojanow, 2012-10-22 En un món en progressiva destrucció per l'acció de l'home el professor Zeno Hintermeier viu la desaparició de la seva glacera com una prou prou Decideix deixar la seva ctedra i embarcar-se com a guia en creuers turístics que viatgen a l'Antàrtida desitjant trobar en l'últim rac natural del planeta el silenci carregat de veritat que tant anhela Aquest és el quart any que s'embarca en el creuer per ni tan sols entre els amants de la natura troba Zeno una nima bessona que senti la tragèdia del planeta de forma tan intensa com ell guies periodistes i passatgers aconseguen dormir sense malsons i tornaran a la seva rutina després de la travessia Pot ser que sigui necessària una acció més radical **Libros españoles en venta, ISBN**, 1989 **Consciència o col·lapse** Jordi Pigem, 2023-10-01 Avui el món corre acceleradament no se sap cap a on mentre la propaganda i les dades fora de context enterboleixen la nostra visió dels fets No és com si el món estigués sota un encanteri Cap a on hem de girar nos per trobar orientació Amb el seu estil fluid i intens Jordi Pigem obre vies de sortida a través d'un ample horitzó que abraça des de la neurociència i la psiquiatria fins a la filosofia alemanya i diverses filosofies d'època passant per la física teòrica i la història de la literatura Consciència o col·lapse mostra que hi ha dos estils de coneixement bàsics en la ment humana la ment algorítmica que ens mena a un món de control deshumanització i manca de sentit i la ment holística que ens obre a un món més ple d'humanitat de vida i d'encís Aquests dos estils de coneixement coincideixen espectacularment amb el que avui ens mostra la neurociència i amb el que van intuir molts grans autors del passat Ens ajuden a orientar nos i a trobar sentit en l'Aquí i Ara En

This volume addresses the religious, sociocultural, and political context of colonial society. Sor Juana lived in a convent, a community of women whose lives were strictly regulated by the rules of their order. In her case, the Hieronymites. She was subject to the authority of the bishop and other clerics. She lived in the capital of an enormously wealthy colonized region whose vast territory and many inaccessible rural areas created governance nightmares. She participated in a highly stratified colonial society in which class, race, religion, and gender determined performative behaviors to a great extent. She was subject to a power struggle between the secular and religious arms of government as well as internecine church conflicts. Her ability to throw off some of the weight of restrictions and limitations on a woman of her temperament, vocation, and family background remains truly remarkable. Emilie L.
