La Chine Et L'Occident:

La Chine Et L'Occident V 4 L. Dermigny, *La Chine Et L'Occident V 2* L. Dermigny, *Echanges culturels et religieux entre la Chine et l'Occident* Yves Raguin, 1995 **Rencontres et interculturalité entre la Chine et l'Occident** Collectif, 2022-09-28T00:00:00-04:00 Le présent ouvrage collectif est le fruit de la réflexion d'une vingtaine de chercheurs et de spécialistes provenant de différents pays et diverses régions Canada Chine France Belgique etc dont la plupart ont participé au colloque Rencontres et interculturalité entre l'Orient et l'Occident que la Faculté des lettres et des sciences humaines et le CELAT de l'Université Laval ont organisé en octobre 2018 en collaboration avec la Faculté d'histoire de l'Université Nankai en Chine. L'ouvrage se divise en cinq parties Les missionnaires et les rencontres interculturelles La littérature les médias et les échanges entre la Chine et la France Les échanges des connaissances scientifiques et les emprunts culturels réciproques Les Chinois d'outre mer et l'adaptation culturelle Un regard croisé et la perception de l'autre l'image de la Chine et de l'Occident Il propose une réflexion sur les rencontres et les interactions interculturelles entre la Chine et l'Occident dans une perspective interdisciplinaire pour contribuer à l'avancement de la recherche dans ce domaine *The Private Side of the Canton Trade, 1700-1840* Paul A. Van Dyke, Susan E. Schopp, 2018-03-13 It is not often recognized that China was one of the few places in the early modern world where all merchants had equal access to the market This study shows that private traders regardless of the volume of their trade were granted the same privileges in Canton as the large East India companies All of these companies relied to some extent on private capital to finance their operations Without the investments from individuals the trade with China would have been greatly hindered Competitors large and small traded alongside each other while enemies traded alongside enemies Buddhists Muslims Catholics Protestants Parsees Armenians Hindus and others lived and worked within the small area in the western suburbs of Canton designated for foreigners Cantonese shopkeepers were not allowed to discriminate against any foreign traders In fact the shopkeepers were generally working in a competitive environment providing customer oriented service that generated goodwill friendship and trust These contributed to the growth of the trade as a whole While many private traders were involved in smuggling opium others such as Nathan Dunn were much opposed to it The case studies in this volume demonstrate that fortunes could be made in China by trading in legitimate items just as successfully as in illegitimate ones which tellingly suggests that the rapid spread of opium smuggling in China could be a result of inadequate rather than excessive regulation by the Qing government For this absorbing book Van Dyke and Schopp have convened excellent scholars junior and senior to throw new light on the foreign merchants outside the East India companies who shaped China's engagement with the world at least as much as the companies men did if not more The slumbering field of foreign trade in Qing China has come back to life Timothy Brook University of British Columbia Much scholarship on the China trade has focused on the activities of the vast state sponsored companies This book flips the script Now we know that right under the noses of those economic behemoths smaller private traders from Europe

America and China were quietly reshaping the trade with their innovation networking grit and dreams John R Haddad The Pennsylvania State University **La Chine et l'Occident: L'Ère du coton et de l'opium** Louis Dermigny,1964 *Money, Coins and Commerce* Eddy Van Cauwenberghe,Eddy van Cauwenberghe,1991 *L'Inde aux temps des Mauryas et des barbares, Grecs, Scythes, Parthes et Yue-tchi* Louis de La Vallée Poussin,1930 *The New China Review* Samuel Couling,1921 , **Official Report of the Thirteenth Universal Peace Congress** ,1904 Brief history of the Peace Congresses p 7 15 copy in Manuscripts Division forms part of John Julius Dargan papers [La Triple Entente Et la Guerre](#) Auguste Gérard,1918 **La Chine Et L'Occident** Louis Dermigney,1964 **Sino-French Trade at Canton, 1698-1842** Susan E. Schopp,2020-11-02 Sino French Trade at Canton 1698 1842 presents a rare and lively view of the French experience at Canton and calls for a reappraisal of France s role in that trade France was one of the two most important Western powers in the eighteenth century and was home to one of the three major European East India companies Yet the nation is woefully underrepresented in Canton trade scholarship Susan E Schopp rescues the French from the sidelines showing that they exerted a presence that though closely watched by their rivals is today largely unrecognized Their contributions were diverse ranging from finding new sea routes to inspiring the renovation of hong fa ades Consequently to ignore the French or to dismiss them as simply also rans results in a skewed perception of the Canton system Schopp also demonstrates that while the most distinctive aspect of the French model of company trade was the dominant role of the state indeed the French East India Company has been memorably described as a Versailles of trade this did not rule out a place for legitimate and sometimes surprising participation by the private sector On the contrary France s commercial relations with China were inaugurated by private traders and the popularity of the Canton trade spurred the eventual demise of the company model Backed up by extensive archival work Schopp s work demonstrates a remarkable understanding of the Sino European trade and her book reveals an unparalleled passion for the role of seamanship in history It is shocking how little has been written in any language about French trade in China so this excellent book fills a tremendous need It has the potential to become a classic monograph of lasting significance an outstanding work that will make a strong imprint on the historiography Tonio Andrade Emory University Schopp s valuable study shows that the French ought not to be considered also rans in European trade with China The French way was in fact a distinctive model of European trade with China one different from that of the better known English East India Company The author s comprehensive research takes the reader into the material history of the French trading vessels the hong and the personnel involved in the trade Robert Aldrich University of Sydney **The New China Review** ,1921 *New China review* ,1921 *Catalogue of the Asiatic Library of Dr. G.
