development was the increased surveillance of young girls As these treatises by vitalist and vitalist inspired physiologists became increasingly common in the 1760s McAlpin shows so too did the presence of young vulnerable and virginal heroines in the era s novels Analyzing novels by among others Jean Jacques Rousseau Denis Diderot and Choderlos de Laclos she offers physiologically based readings of many of the period s most famous heroines within the context of an eighteenth century discourse on women and heterosexual desire that broke with earlier periods in recasting female and male desire as qualitatively distinct Her study persuasively argues that the Western view of women s sexuality as a mysterious nebulous force Freud s dark continent has its secular origins in the mid eighteenth century *Brissot de Warville* Eloise Ellery,1915 Originally published in 1915 this is a biography of the writer philanthropist and traveler considered responsible for the foreign war that ended only with the fall of Napoleon known as the leader of the Girondins and when that party fell he was brought to trial and execution Contains a fair amount of information concerning his time in America *The Walloons and Their Church at Norwich; Their History and Registers. 1565-1832 ...* William John Charles Moens,1887 *The Walloons and Their Church at Norwich* William John Charles Moens,1888 *Vanity Fair* T.G.
