Creating Digital Literacy Spaces for Multilingual Writers Joel Bloch, 2021-01-27 This book argues for the value of digital literacy in the multilingual writing classroom. Against the background of huge changes in literacy practices prompted by online communication and a growing acceptance of a broader definition of academic literacy that encompasses multimodality the book examines the relationship between digital and print literacies and addresses the design of literacy spaces for multilingual classrooms. The author critically evaluates the latest developments in the use of technology in multilingual writing spaces and focuses on the role of teachers in their design. It

also addresses areas that are not often discussed in relation to multilingual students from blogging to publishing and intellectual property The book will help teachers meet the challenges created by rapidly shifting technology as well as making an innovative contribution to research on multilingual writing classrooms [English File](#) Clive Oxenden, Jerry Lambert, Christina Latham-Koenig, 2015-07-09 A new edition of the best selling English File improved throughout with brand new digital components to use inside and outside the classroom English File Third edition the best way to get your students talking The English File concept remains the same fun enjoyable lessons which get students talking through the right mix of language motivation and opportunity but now the content and the components have been updated and improved for students and teachers The English File third edition digital components help to make the most of teaching and learning opportunities inside and outside the classroom The digital package includes iTools a digital classroom resource iTutor and iChecker for students Pronunciation App for mobiles Online Workbook Student s and Teacher s websites [Forthcoming Books](#) Rose Army, 2000 [Scientific and Technical Books and Serials in Print](#) , 1984
