Objective: To help the students develop the pre-reading and writing skills required for language development by enriching their vocabulary and refining their fine and gross motor skills. This level aims at students acquiring the ability to:

- ✓ K – Name the objects shown with the help of pictures
- ✓ U – Identify common objects from their surroundings in English
- ✓ A – Map concrete objects to Abstract identities
- ✓ A – Classify objects into different groups
- ✓ S – Draw simple shapes, objects and colour them within the boundaries
- ✓ S – Describe the objects
- ✓ S – Differentiate and categorize abstract entities
- ✓ S – Build Vocabulary

Pre-learning stage helps in cognitive development by strengthening reasoning, analytical ability of the learners. Young children who develop these skills have better chances of understanding and succeeding later on at school, and carry the skills with them as they grow older. These skills help in developing interest in reading and writing by focusing on simple activities

that are planned in a manner that the child gradually gains and grows in confidence and independence by exploring the simple to complex, known to unknown and concrete to abstract activities. These activities engage the child positively and can be practiced independently at home also with minimal parental involvement.
