Consulting Spirits Joel Bjorling, 1998-04-30 Throughout history people have been intrigued with spirits, angels, or devas as sources of wisdom and guidance. They are not only interesting as those who possess an insight into events and circumstances but also as proof of life after death. In this clear and useful reference guide, Bjorling presents a listing of the literature on the various ways in which people of different cultures have consulted spirits through shamans and oracles, magic mediums, Voodoo, and psychics. Each chapter contains a general introduction to the respective topic as well as a listing of pertinent books, articles, and dissertations. His survey also includes early spirit contacts in Africa, Latin America, and Asia.

A History of the Occult Tarot Ronald Decker, Sir Michael Dummett, 2013-07-18 When the Tarot was invented in Italy during the early fifteenth century, it was simply a pack of cards used for playing games, but today the cards are used throughout the world and not only for fortune telling. For true believers, they are the key to secret knowledge and the meaning of life. A History of the Occult Tarot is the classic work on the history of the Tarot deck and its use in occult circles. Decker and Dummett examine how the Tarot became the favoured divination tool of occultists from the late nineteenth century, a bridge to the spirit world, a map of the unconscious. From Theosophical to Aleister Crowley to the Order of the Golden Dawn and P. D. Ouspensky, this compelling survey of the Tarot's history describes the many fascinating decks imagined over time as well as the secret histories of the mystics who devised them.

Abracadabra: The Complete Guide to Enochian Magic Words Thaddeus Shade, 2026-02-10 Before spells were written. Before sigils were drawn. Before rituals were formalized. There were words. Words believed to carry power not because of meaning alone but because of sound vibration and divine origin. Abracadabra: The Complete Guide to Enochian Magic Words is an in-depth exploration of one of the most mysterious and influential magical languages ever recorded. Enochian, the so-called language of angels, revealed in the late 1500s through the controversial angelic sessions of Dr. John Dee, astrologer to Queen Elizabeth I and his scribe Edward Kelley. Enochian is not a symbolic system or philosophical metaphor. It is a structured language complete with grammar, alphabet, sacred names, and ritual calls believed by its practitioners to function as a direct interface with non-human intelligences. This book goes beyond surface-level history and speculation. It is a complete guide to understanding Enochian magic words as tools of ritual consciousness and spiritual transformation. What Makes Enochian Words Different? Unlike common incantations, Enochian words are not poetic inventions. They are phonetic constructs meant to be spoken aloud, vibrational keys designed to alter awareness. Names and calls associated with specific intelligences, ritual triggers embedded in ceremonial frameworks. From the infamous word Abracadabra to the lesser-known angelic names and calls, these words are treated in magical tradition as operators, not symbols. This book explains why. Inside This Book You Will Learn: Foundations, History, The true origin of Abracadabra and its evolution through magical traditions, The life and work of John Dee and the creation of the

Enochian system How Enochian differs from Hebrew Latin and other sacred languages Why Enochian became central to ceremonial magic traditions The Language of Angels The Enochian alphabet and its unique letterforms How Enochian words are constructed and categorized The role of divine names angelic hierarchies and Watchtowers The difference between Names Words of Power and the Enochian Calls The Enochian Calls Keys What the Calls are and why they are considered dangerous if misunderstood How each Call functions as a layered invocation The vibrational logic behind Enochian pronunciation Why intention alone is not enough when working with Enochian speech Practical Magical Use How to safely approach Enochian words as a beginner How words are used in ritual without full ceremonial systems Writing Enochian words into sigils talismans and diagrams Using Enochian words for protection insight and spiritual clarity The role of silence breath and rhythm in spoken magic Psychology Consciousness Caution How Enochian words affect the subconscious mind The relationship between sound trance and altered states Common mistakes made by modern practitioners Ethical warnings and protective practices When not to use Enochian magic words
