executive editor of Sports Illustrated offers an in depth analysis and behind the scenes look at the historic 2008 match between tennis titans In the 2008 Wimbledon men s final Centre Court was a stage set worthy of Shakespearean drama Five time champion Roger Federer was on track to take his rightful place as the most dominant player in the history of the game He just needed to cling to his trajectory So in the last few moments of daylight Centre Court witnessed a coronation Only it wasn t a crowning for the Swiss heir apparent but for a swashbuckling Spaniard Twenty two year old Rafael Nadal prevailed in five sets in what was according to the author essentially a four hour forty eight minute infomercial for everything that is right about tennis a festival of skill accuracy grace strength speed endurance determination and sportsmanship It was also the encapsulation of a fascinating rivalry hard fought and of historic proportions In the tradition of John McPhee s classic *Levels of the Game* Strokes of Genius deconstructs this defining moment in sport using that match as the backbone of a provocative thoughtful and entertaining look at the science art psychology technology strategy and personality that go into a single tennis match With vivid intimate detail Wertheim re creates this epic battle in a book that is both a study of the mechanics and art of the game and the portrait of a rivalry as dramatic as that of Ali Frazier Palmer Nicklaus and McEnroe Borg Deftly touches on all the defining factors of contemporary tennis San Francisco Chronicle Illuminates a kingdom changing hands An engrossing book Bud Collins *Tennis's G.O.A.T.* Jon M. to win the Australian Open in January 2017 shows that the Swiss maestro still has something left in his bag of tricks even at age 35 His 18 Grand Slam singles titles are the most of any player in the Open Era That number is more impressive considering that his career intersected the sport s history at a time where Rafael Nadal and Novak Djokovic tied for second and fourth place in that category with 14 and 12 respectively These three players have had a stranglehold on major titles for nearly a generation winning the Australian Open French Open Wimbledon and the U S Open a combined 44 times dating to Federer s first Wimbledon crown in summer of 2003 But it is the elegant Federer who currently stands above the gritty Nadal and the jack of all surfaces Djokovic due in large part to his metronome like consistency at an elite level for more than a decade On the path to becoming arguably the greatest of all time in his sport Federer s rise was one seen in the distance starting with his play in juniors He had to mature from petulant teenager to talented and promising young player on the ATP Tour Federer then had to absorb match and life lessons from his peers to become a better player And since the summer following his first victory at the all England club Federer s place in tennis lore has come by way of reaction and evolution He has honed his already finely tuned all around game and enhanced it with strategy That often kept him one step ahead of the chasing pack though now in the autumn of his playing days it is helping him try to emerge from it Tags roger federer federer biography andy murray novak djokovic rafael nadal stan wawrinka serena williams wimbledon australian open tennis greats tennis legends tennis books tennis biographies pete sampras john mcenroe
