## **Femme Qui Marche:**

**Alberto Giacometti** Timothy Mathews,2013-11-28 Alberto Giacometti s attenuated figures of the human form are among the most significant artistic images of the twentieth century Jean Paul Sartre and Andre Breton are just two of the great thinkers whose thought has been nurtured by the graceful harrowing work of Giacometti which continues to resonate with artists writers and audiences Timothy Mathews explores fragility trauma space and relationality in Giacometti s art and writing and the capacity to relate that emerges In doing so he draws upon the novels of W G Sebald Samuel Beckett and Cees Nootboom and the theories of Maurice Blanchot and Bertolt Brecht and recasts Giacometti s Le Chariot as Walter Benjamin s angel of history This book invites readers on a voyage of discovery through Giacometti s deep concerns with memory attachment and humanity Both a critical study of Giacometti s work and an immersion in its affective power it asks what encounters with Giacometti s pieces can tell us about our own time and our own ways of looking and about the humility of relating to art
