

Human Reproduction Webquest

*Click through the following webquest
& complete all of the questions on a separate piece of paper.*

Important Terms:

- **Gametogenesis** – means “creation of gametes.” This refers to the process of meiosis during which the reproductive cells are made.
- **Spermatogenesis** – means “creation of sperm.” This refers to the process during which sperm cells are made.
- **Oogenesis** – pronounced O-O-genesis, means “creation of ova”. This refers to the process during which ova (egg cells) are made.

Part II: Spermatogenesis

- A. Go to the following webpage: http://wps.aw.com/lec_martini_eap_4/40/10469/2680298_cw/content/index.html
- B. Click on the first link: **spermatogenesis** and watch the entire movie.
1. Where does spermatogenesis occur?
 2. During puberty what hormone stimulates cells to begin meiosis?
 3. How many sperm cells are created from each meiotic division?
- C. Open another window and type in the following URL:
<http://highered.mcgraw-hill.com/olc/dl/120112/anim0043.swf>
- D. Watch the animation. Draw the process of spermatogenesis. Use the image and word bank below to help you!

Spermatogonia

Mitosis

Meiosis I

Meiosis II

Primary Spermatocyte

Secondary Spermatocytes

Spermatids

Differentiation

Sperm Cell

- E. Complete the following questions / matching section. Continue to watch the animation as needed so that you can do this.
4. Are spermatogonia diploid or haploid cells?
 5. After the first division, mitosis, one cell remains a spermatogonia while the other continues on to form sperm. Why do you think it might be important to have one cell remain as a spermatogonia? (HINT: Men start making sperm at puberty and continue for their entire lives!)

Human Reproduction Webquest Key

John Hedgcock, Dana R. Ferris

Human Reproduction Webquest Key:

Teaching Readers of English John Hedgcock, Dana R. Ferris, 2009-09-10 A comprehensive manual for pre and in service ESL and EFL educators this frontline text balances insights from current reading theory and research with highly practical field tested strategies for teaching and assessing L2 reading in secondary and post secondary contexts Teaching Readers of English provides a thorough yet accessible survey of L2 reading theory and research addresses the unique cognitive and socioeducational challenges encountered by L2 readers covers the features of L2 texts that teachers of reading must understand acquaints readers with methods for designing reading courses selecting curricular materials and planning instruction explores the essential role of systematic vocabulary development in teaching L2 literacy includes practical methods for assessing L2 students proficiency achievement and progress in the classroom Pedagogical features in each chapter include questions for reflection further reading and resources reflection and review questions and application activities

Ethics and Religion Joe Jenkins, 2003 This revised and updated edition for Advanced Religious Studies contains practice exam questions to help succeed in exams and a new section which focuses on students thinking skills

Human Reproduction L. M. Baggott, 1997-02-20 Concise introductory textbook examining human reproduction for advanced school and beginning university students

Human Reproduction, 1970

Human Reproduction Casey Rand, 2009 Human Reproduction is an amazing process Learn the physical changes that occur in humans to ready their bodies with the equipment needed to reproduce This book explains these changes and also explores what happens during conception pregnancy and the delivery of a new baby What are genes and DNA Why is every person unique The answers might surprise you Sci Hi is an engaging comprehensive and visually stimulating series that takes learning science core curriculum to a whole new level

Topics in Human Reproduction Linda M. Chagnon, Jill Wolhandler, 1975 Discusses the function and development of the male and female reproductive organs fertilization pregnancy and birth

Problems of Human Reproduction Paul Popenoe, 1926

Human Reproduction, 1974

A Guide to Reproduction Irina Pollard, 1994-06-23 The purpose of this comprehensive text is to increase awareness of human reproduction and its consequences The central theme links reproductive capacity the social consequences of the multiple stresses this places on the environment and the ways this relates back to the reproductive health of humans and other animals In the first section the biology of human reproduction is discussed including such topics as the treatment and causes of infertility growth and maturation parental behaviour and neonate biology The effects of procreational biology on the foundation of human social structure are also examined The second part deals with reproduction as it relates to health and social issues such as stress fertility control AIDS teratogens and errors of sexual differentiation It is an invaluable resource for all those wishing to update their knowledge of human reproductive biology

Human Reproduction at a Glance Linda J. Heffner, 2001-06-18 Human Reproduction at a Glance is designed to be a concise readily accessible guide and revision aid for undergraduate

medical students Following the now familiar easy to use format each topic is presented as a double page spread with key facts accompanied by clear but informative line diagrams illustrating the essential points Human Reproduction at a Glance explores the breadth of human reproductive biology and pathophysiology in 42 separate sections giving the student the basic science required to understand the disorders they will encounter during a clinical OBGYN rotation Divided into 2 parts Normal Human Reproduction and Human Reproductive Disorders the book takes an integrated approach throughout emphasizing the relationship between normal and abnormal reproductive function and disease Designed to be versatile Human Reproduction At A Glance fits the reading time and budget of all medical students and can be used either for primary or supplementary reading in a lecture based course or for exam preparation

Human Reproduction, Growth, and Development Karen Bledsoe, 2007 This book describes human reproduction and the development of a human life from fertilization to birth to adulthood

On Fertile Ground Peter T. Ellison, 2003-05-30 Ranging from the latest achievements of modern fertility clinics to the lives of subsistence farmers in the rain forests of Africa this book offers both a remarkably broad and a minutely detailed exploration of human reproduction Ellison combines the perspectives of anthropology ecology and evolutionary biology

How We Do It Robert Martin, 2013-06-11 Despite the widespread belief that natural is better when it comes to sex pregnancy and parenting most of us have no idea what natural really means the origins of our reproductive lives remain a mystery Why are a quarter of a billion sperm cells needed to fertilize one egg Are women really fertile for only a few days each month How long should babies be breast fed In How We Do It primatologist Robert Martin draws on forty years of research to locate the roots of everything from our sex cells to the way we care for newborns He examines the procreative history of humans as well as that of our primate kin to reveal what's really natural when it comes to making and raising babies and distinguish which behaviors we ought to continue and which we should not Although it's not realistic to raise our children like our ancestors did Martin's investigation reveals surprising consequences of and suggests ways to improve upon the way we do things now For instance he explains why choosing a midwife rather than an obstetrician may have a greater impact than we think on our birthing experience examines the advantages of breast feeding for both mothers and babies and suggests why babies may be ready for toilet training far earlier than is commonly practiced How We Do It offers much needed context for our reproductive and child rearing practices and shows that once we understand our evolutionary past we can consider what worked what didn't and what it all means for the future of our species

Human Reproduction J. I. D. Sadow, A. P. Gulamhusein, 1980

Human reproduction, 1996

Human Reproduction, 19??

Conception to Birth Howard M. Lenhoff, 1989

Human Reproduction, 1984

The End of Sex and the Future of Human Reproduction Henry T. Greely, 2016-05-30 Will the future confront us with human GMOs Greely provocatively declares yes and while clearly explaining the science spells out the ethical political and practical ramifications Paul Berg Nobel Laureate and recipient of the National Medal of Science Within twenty maybe forty years most people in developed

countries will stop having sex for the purpose of reproduction. Instead, prospective parents will be told as much as they wish to know about the genetic makeup of dozens of embryos and they will pick one or two for implantation, gestation, and birth. And it will be safe, lawful, and free. In this work of prophetic scholarship, Henry T. Greely explains the revolutionary biological technologies that make this future a seeming inevitability and sets out the deep ethical and legal challenges humanity faces as a result. Readers looking for a more in-depth analysis of human genome modifications and reproductive technologies and their legal and ethical implications should strongly consider picking up Greely's *The End of Sex and the Future of Human Reproduction*. It has the potential to empower readers to make informed decisions about the implementation of advancements in genetics technologies. Dov Greenbaum, *Science*. Greely provides an extraordinarily sophisticated analysis of the practical, political, legal, and ethical implications of the new world of human reproduction. His book is a model of highly informed, rigorous thought provoking speculation about an immensely important topic. Glenn C. Altschuler, *Psychology Today*.

Human Reproduction Eric Golanty, 1975

Embracing the Tune of Term: An Psychological Symphony within **Human Reproduction Webquest Key**

In a global used by displays and the ceaseless chatter of immediate transmission, the melodic splendor and emotional symphony developed by the prepared word often fade into the backdrop, eclipsed by the constant noise and disturbances that permeate our lives. But, located within the pages of **Human Reproduction Webquest Key** an enchanting literary value brimming with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, this interesting masterpiece conducts readers on a mental journey, well unraveling the hidden songs and profound affect resonating within each carefully crafted phrase. Within the depths of the emotional evaluation, we will discover the book is central harmonies, analyze their enthralling publishing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
